

## EBERT-STRESEMANN GOVERNMENT ASKS FOR RESTORATION

**German Heads Make Demand for Immediate Retirement of Dr. Zeigner's Socialistic Communistic Organization—Want Restoration of Military Authority Within State**

BERLIN, Oct. 27.—(A. P.)—The Ebert-Stresemann government fired the opening guns tonight in its battle for unchallenged authority with the federation of German states by despatching an ultimatum to Dresden demanding the immediate retirement of Dr. Zeigner's Socialistic Communistic government and simultaneous restoration of the Bavarian government's military authority within the state.

The central government's communication to Premier Zeigner brands the latter's ministry as an outlaw government whose members openly incited the population of Saxony to riot and to defy the existing martial law and the central government's authority in general under the existing state of emergency.

The ultimatum virtually gives Zeigner and his radical cabinet members 24 hours to resign.

While the manner of speech employed in the official communication to the Saxony premier

transcends traditional diplomatic forms its note to the Munich government is couched in considerably milder terms hardly more than a plain request that General Von Lossow, the mutinous reichwehr commander and now director of Von Kahr's military adjutant be withdrawn as head of the federal troop contingents garrisoned in Bavaria and that there be restoration to the jurisdiction, Dr. Justin, minister of defense and his chief of staff, General Von Seeck.

The Communistic baiting of the reichswehr in Saxony by Zeigner's minister of finance Boettcher and his chief of the Chancellery Brandier, both rabid communists, is directly responsible for Berlin's determination to put Saxony's present ultra-red regime out of business. Both of these officials in recent speeches advocated preference for "Red" terror against white dictatorship and practically called upon the communists there to arm and take up physical opposition to the reichswehr.

## MANSION WHERE ROOSEVELT WAS BORN DEDICATED

**Consecrated on Birth Date of Former President**

NEW YORK, Oct. 27.—The fine old colonial mansion in which Theodore Roosevelt was given to the nation—has been hidden now by the office buildings that tower above it at East 28th street was consecrated on his birthday today as a National Shrine of American patriotism.

While a small group of Disciples of the great American listened in his restored birthplace to the words of men who had known him well, thousands of Navy Day celebrators visited the harbor to see ships of the modern fleet which his influence had helped to build.

As truly as of the country as was Lincoln, was the estimate of Roosevelt sent the gathering by President Coolidge.

"We Americans have deep cause to be grateful," the president's message said, "that sixty-five years ago today Theodore Roosevelt, half of the north, half of the south, a son of the east and adopted son of the west, came to this nation to shape its destinies in a critical hour. Roosevelt, like Lincoln, was in a true sense a preserver of our national unity. Lincoln saved us from sectional cleavage, Roosevelt saved us from class cleavage.

"It was Roosevelt who taught us that unjustified discontent finds lodgment in a nation where the discontent which is justified secures a prompt remedy."

## CHARGES POISONED LIQUOR WAS GIVEN

SPRINGFIELD, Ill., Oct. 27.—Charges that Joe Aiello, proprietor of a soft drink parlor, had given him poisoned liquor, because of the part he played in a raid on the place last Monday night, was made to police this afternoon by Charles Childers, local prohibition inspector.

Physicians were occupied this morning in giving Childers extreme measures to aid him. According to the story he told the police, Aiello called him into his place last night and asked him to have a drink, explaining that he held no ill will against him because of the raid.

Before he had reached home, Childers charges, the drink commenced to have an ill effect and before morning he was taken to the hospital. Physicians say he will recover.

Until late this afternoon Aiello had not been arrested.

**CABINET IN HOLLAND RESIGNS**

The Hague, Oct. 27.—(A. P.)—The Netherlands cabinet resigned today in consequence of the rejection by the second chamber of Parliament yesterday of the government's naval bill providing for the construction of a fleet for the Dutch East Indies. The queen requested the ministers to remain in office for the present.

## GOVERNOR WALTON SCORES ALLEGED KLAN DOMINATION

**Understood Victims Will Testify During Trial**

OKLAHOMA CITY, Okla., Oct. 27.—(A. P.)—Political quarters saw tonight in a public statement issued today by Governor J. C. Walton, bitterly scoring alleged Ku Klux Klan domination of the lower house of the Oklahoma legislature and various state departments, a possible indication of the executive's defense in his impeachment trial scheduled to begin next Thursday.

It was understood that Governor Walton already has summoned a number of victims of mob violence as witnesses to testify before the senate court of impeachment in support of his oft-repeated contention that the real issue in the state is whether the "invisible government," shall supplant constitutional government.

The governor charged in his statement today that the house conspired to impeach him, but added:

"If, by sacrificing myself and disgracing my family, I can be the means of saving this state from mob rule, operating in the dark trying victims by chaining them to trees and administering brutal punishment and other mutilations, then I am ready to be sacrificed."

Glad Time Is Close  
"I am glad that the time is close at hand when the friends of orderly government in the senate will have an opportunity to say that so far as Oklahoma is concerned, the constitutional guarantees of persons and religious liberty must be preserved and that fanatics shall not be permitted to fan the fires of racial and religious hatred to the destruction of the fair name of our state. It is up to the people of Oklahoma to take a stand either for or against constitutional government."

Governor Walton pointed as proof of the impeachment conspiracy to the recent scene on the floor of the house in which a member was attacked for voicing his belief that the lower house was controlled by N. C. Jewett, grand dragon of the Ku Klux Klan in Oklahoma.

The question is not 'shall I be impeached?' but 'shall constitutional government as handed to us by patriots of the past continue to exist?' he concluded.

Neither house of the legislature held a session today. While the senate, now resolved into a court of impeachment, marked time until the trial date, the lower house was idle as its committee on investigation and impeachment prepared to launch an inquiry Monday into actions of other officials and departments of state.

## WOMAN'S SCREAMING FOILS ROBBER PLANS

SPRINGFIELD, Ill., Oct. 27.—An armed bandit entered the store of Frank Weber, Zenobia, Ill., twenty miles southeast of this city tonight, shot the proprietor but was forced to flee empty handed when Mrs. Weber, grabbed the day's receipts in the store and fled from the place screaming. Weber, it is believed will live.

Mr. and Mrs. Weber were preparing to close the store when the bandit entered. He commanded the couple to throw up their hands. Mrs. Weber grabbed the money and ran from the place screaming. The bandit then shot Weber and fled in an automobile. Tonight members of the A. H. Horse Thief association of the vicinity are scouring the country in search of the bandit.

## THREE AUTOS WRECKED, SEVERAL ARE INJURED

ROCKFORD, Ill., Oct. 27.—Three automobiles ran into a freight train at a masked crossing of the Northwestern railroad and State Route 61, between Clinton and Beloit, shortly before midnight, according to Beloit police, who have despatched ambulances to the scene.

According to Beloit police the report they received from a Clinton physician said there were seven injured and one man missing who was feared had been killed.

**AIRSHIP PASSES OVER WASHINGTON**

Washington, Oct. 27.—The Navy's airship Shenandoah, which celebrated Navy Day by a flight over the Shenandoah Valley of Virginia passed over Washington tonight at 7:15 o'clock on her return to Lakehurst, N. J. She was flying comparatively low and thousands of persons had the privilege of seeing her outlined against the glare of searchlights from the ground.

## Verdict for Miners Ordered By Court

FORT WORTH, Ark., Oct. 27.—Judge John C. Pollock in federal district court here late today directed the return of a verdict for the defense in the retrial of the suit of the Coronado Coal company and other coal producers against the Hartford Valley Fielders against the United Mine Workers of America for damages aggregating \$2,222,000 on the ground that the coal companies had failed to prove their contention that the national organization of the mine workers had entered into a conspiracy to interfere with the interstate movement of non-union mined coal.

Judge Pollock held that the plaintiff companies had failed to establish jurisdiction in the federal court under the terms of the Sherman anti-trust law on which the suit was based. Today's action, terminating a hearing which had been in progress for two weeks, and was the second victory for the mine workers on the same ground, the supreme court last year ruling that in the first trial, which resulted in a verdict of approximately \$700,000 for the

plaintiff, the coal companies had failed to establish a basis for the suit under the Sherman law and ordered a new trial.

The suit was brought on the contention that destruction of property during labor disturbances incident to the strike of miners in 1914 resulted in the hampering of mining operations in the properties of the coal companies to such an extent as to interfere with interstate traffic in non-union mined coal.

The ruling also pointed out that under the construction of the United Mine Workers "no individual can bind the entire organization, that until the executive board acts no one is bound except individuals who may be involved in any activity and upon the ground he held that the international union was not shown to be bound by the acts of those responsible for property damage during the strike.

Judge Pollock held that the mining of coal is not interstate commerce and the fact that it may be shipped later in interstate commerce does not alter the situation.

**DR. STEINMETZ LEAVES SMALL FORTUNE AFTER LIFE SPENT IN LABOR**

Known as Highest Paid Electrical Engineer in World

SCHNECTADY, Oct. 27.—Dr. Charles P. Steinmetz, who died in his home here yesterday of myeloiditis, the "highest paid electrical engineer in the world" left virtually no estate, it was learned today.

His books and papers, an electric automobile made in 1921 and a \$1500 insurance policy, the same as is issued to all veteran employees of the General Electric company apparently comprise the entire worldly wealth of the scientist and inventor.

The man who "made lightning" probably could have made millions, but apparently he never drew a salary and when he entered the employ of the General Electric Company a score of years ago, declared he "did not wish to work for money."

"I do not wish to work for money," said Dr. Steinmetz, "I want to draw it as I wish and if I draw too much tell me. Do not tax an amount. If I think of money I will not work as well. Build me a house, if you wish and a laboratory. That is all I want."

The body will lie in state for public homage tomorrow afternoon in the house which the employing company provided. Brief tributes will be paid from city church pulpits tomorrow morning. Flags will be at half mast and public buildings will be draped. On Monday afternoon private funeral services will be held in the home and the body will be interred in Vale Cemetery.

## TAKE PRISONER TO VISIT MOTHER

SPRINGFIELD, Ill., Oct. 27.—James Wrenn, a prisoner at the Joliet penitentiary probably will leave under guard for his home in Argo tomorrow to visit at the deathbed of his mother.

A telegram from Representative John W. McCarthy of the Seventh Illinois district was received by Governor Len Small tonight stating that the mother of the prisoner is near death and has requested to see her son before she dies.

Governor Small advised Representative McCarthy to take up the matter with the prison officials, giving his approval of the removal of the prisoner under proper escort.

## VOICES OPPOSITION TO SOLDIER BONUS

WASHINGTON, Oct. 27.—Opposition to a bonus was voiced here today by Secretary Denby of the navy who asked that able-bodied veterans set aside their claims so that the government might devote its resources to care of the men wounded or incapacitated in the world war.

## INDIANA GOVERNOR ORDERS EXTRADITION

CROWN POINT, Ind., Oct. 27.—Kane county, Illinois authorities have not yet arrived in Crown Point to take back Walter Stevens, convicted of shooting a policeman in Kane county.

Governor McCray of Indiana today approved Stevens' extradition and it is expected that Stevens will be returned to Kane county immediately by Sheriff W. H. Olds, said that he did not know when the Kane county officials would arrive.

Cologne, Oct. 27.—The Ruhr communists are endeavoring to enlist recruits for Saxony's "red" army from among the Ruhr population, according to advices from various parts of the district. They are offering as inducements free food and housing and high pay.

## CONFERENCE OF STATE WELFARE CLOSES SESSION

**Address Delivered by Mayor Crabtree of Jacksonville**

BLOOMINGTON, Ill., Oct. 27.—Moine was chosen as the 1924 convention city by the Illinois State Conference on Public Welfare in session here today.

The convention will come to a close Sunday morning.

Miss Meta Schickner of Peoria, was chosen president; Mrs. Naomi Strye, Bloomington, secretary-treasurer and Miss Gertrude Longden, Freeport, vice-president of the Illinois Family Workers' Council, at a meeting today.

The Illinois Probation Officers' association elected the following officers:

Judge W. S. Willhite, Wabash county, president; Judge Arthur G. Larson, Kendall county, secretary-treasurer.

There will be four vice-presidents for each of the appellate court districts.

**Mayor Crabtree Speaks**

In his talk before the conference today, Mayor E. E. Crabtree of Jacksonville, stated that the Twentieth Century was the "century of service" and that at no other time "has the thought of service without expectation of financial reward had such a hold on people."

He urged the co-operation of citizens and officials in making the best of municipal opportunities.

Eugene T. Lies, representing the Playground and Recreation association of America talked on "Community Playgrounds."

"What America needs and must have," he said, "to save her young people from crime and degeneration is that of an extensive recreation program."

"We have a good America, but we need a better America. Industrially we have accomplished mightily but our democracy needs enrichment. With more leisure time for rich and poor alike trifling use will be made of it unless we substitute a positive, factor leading to the broadening out of the spirit that threatens us with a main street outlook."

Alexander Karr Chicago founder of the American community spoke on the "Community spirit in relation to the public welfare of the city, state and nation."

## NEW POWER CIRCUIT TO BE BUILT SOON

CHICAGO, Oct. 27.—An electric, double circuit, steel tower transmission line carrying 66,000 volts will be built from the big power dam at Keokuk, Iowa, to Galesburg, Ill., by the Illinois Power & Light corporation officials of the company announced today.

An extension of the line, carrying 33,000 volts also will be built from Galesburg to Galva, a distance of 23 miles, it was announced. The entire length of the new line development will be 96 miles.

The improvement will cost \$1,250,000, it was said. Work will begin at once and it is expected that the line will be finished within a year.

The new line will start at the dam and will run up the Iowa side of the Mississippi river to Fort Madison, cross the river at this point and then extend in a northeasterly direction to Galesburg.

The Galesburg and Galva power houses will be kept intact and used as reserve or standby plants for use in times of emergency.

## MANY AIRCRAFT TYPES IN CARNIVAL TODAY

BELLEVILLE, Ill., Oct. 27.—All types of aircraft will participate in an air carnival tomorrow at Scott Field, the army's lighter-than-air station near here.

The Earling bomber, largest airplane in the world is expected to arrive at noon from Dayton, Ohio.

A race between the two largest non-rigid airships in the United States, stunt flying and a flight by self-propelled balloons are on the program. There also will be an airplane potato race.

Proceeds of the carnival will go to the army relief fund.

**TWO CONFESS TO SAVE THIRD MAN**

Salem, Ill., Oct. 27.—Two of the three men convicted today of robbing the First National bank of Sandoval, September 19, of \$1,228 confessed this afternoon to Circuit Judge Dove in an effort to save the third man. Those who confessed are Thomas Tracy and Herman Meyers, and the man they tried to save, Charles Fischer. Tracy and Meyers were sentenced to terms of 10 years to life imprisonment.

## WASHINGTON STILL UNINFORMED AS TO PLANS IN EUROPE

**Report That French Position in Reparations Will Include Demand That Question of War Debts to U. S. and England Has Been Denied—No Appointments Announced**

WASHINGTON, Oct. 27.—The Washington government remained uninformed today as to the exact formula that is being worked out in Europe for an economic survey of Germany's capacity to pay reparations. No additional advice, formal or informal came from London or Paris as to the progress of the negotiations for the creation of a commission of experts under the reparations commission to study Germany's economic situation.

Unofficial reports that the French position included a demand that question of France's war debts to Great Britain and the United States must be included in the subjects to be discussed by the experts were discounted. The state department thus far has received only an informal outline of the French reply to the British proposals.

The only French stipulation, so far as known here was that which would place the expert advisers under the authority of the reparations commission.

France it has been pointed out hardly could attach a stipulation bringing in the debt question and still expect American participation in what was proposed in view of the repeated official statements by Secretary Hughes that the Washington government could not embark on any discussion of those debts.

At the same time stress was laid by Mr. Hughes, in his reply to Lord Curzon, on the desire of the American government to deal in all fairness with the allied powers in arranging for the re-funding of their debts to the United States.

Since the stated purpose of creating the expert commission given in the published international correspondence is to recommend a financial plan for the settlement of the reparations problem on its merits, it has been generally assumed that a representative American financier would be included in whatever group of advisers may be named to the advisory committee.

It is already considering the names of American financiers in that connection, however, they have been careful not to disclose the fact. It was again strongly emphasized, however, that whoever might be named and whatever the method of their actual appointment they would represent the judgment of the Washington administration as the Americans best fitted to undertake such responsibilities.

## GOVERNOR PINCHOT TO WEAR NEFF'S HAT AT COMING CONVENTION

**Pennsylvania Executive Agrees to Conditions Named**

AUSTIN, Texas, Oct. 27.—(A. P.)—The governor of Texas today sent his hat to the governor of Pennsylvania.

This display of generosity by the Texas governor is said to cover a crowning stroke of political genius. The gift carries a condition.

Governor Pinchot, chief of one of the strongest Republican states in the union, must wear the headgear of the Governor of the largest Democratic state in the union at the Republican national convention next year. To this condition Mr. Pinchot has acquiesced.

Fascinated by the wide expanse of brim adorning the brow of the Texas executive at the recent governors' conference in West Baden, Ind., Governor Pinchot raised the hat from Mr. Neff's head and placed it on his own. It fit exactly giving to the Republican governor of Pennsylvania so much the appearance of a real Democrat on the outside that the Texas governor offered the "lid" to Mr. Pinchot on condition that the latter wear it at the next Republican national convention.

by Secretary Hughes that the Washington government could not embark on any discussion of those debts.

## LETTER WRITTEN BY COOLIDGE IS READ AT DINNER

**Regrets Absence from Banquet Given for Lloyd George**

WASHINGTON, Oct. 27.—(A. P.)—The visit of David Lloyd George to America has been "a piece of good fortune for both his country and our own, and for the cause of international accord." President Coolidge said in a letter read tonight at a dinner given by the Overseas Writers to the former British premier.

President Coolidge's letter was addressed to Mark Sullivan, chairman of the writers, an organization of newspapermen who served overseas and expressed the chief executive's regret at being unable to attend the dinner at which Chief Justice Taft, several cabinet officers, members of the diplomatic corps, senators and many other prominent in the public life of the nation were guests.

"It is necessary for me to express to you and your associates of the Overseas Writers," the president wrote, "my regrets that it is not possible for me to join you this evening at the dinner you are giving Mr. Lloyd George. It would have been a notable pleasure to share with your organization in the tribute that I know you will so heartily accord to your illustrious guest from overseas. I am very certain that his visit to America has been a piece of good fortune for both his country and our own and for the cause of international accord. During his stay among us, though it has been all too brief, he has voiced the appeal for that better understanding among the nations which must be at the base of all good relations. It has been a fine thing for our people to become better acquainted with this eminent leader in civilization's struggle to maintain itself; and I hope he will feel when he leaves us a few days hence that his effort in bringing his message to us has not been entirely a vain one."

"It is especially gratifying that the members of your organization are entertaining him. In a time of travail and great difficulty in the world they played an exceedingly important part in interpreting his problems to our country for the sincere intelligent and faithful efforts which they put forth in that cause recognition will be forever due. I know that you should be delighted to share with you if the circumstances permitted. As they do not I am taking this method to extend my greetings and best wishes to your distinguished guest of honor, the members of the club and all who may have the good fortune to participate in the occasion."

**A THOUGHT**  
When the righteous are in  
authority, the people rejoice;  
but when the wicked bear  
rule, the people mourn.—Prov.  
29:2.

Authority intoxicates.  
And makes mere sots of  
magistrates;  
The fumes of it invade the  
brain.  
And make men giddy, proud  
and vain;  
By this the fool commands the  
wise;  
The noble with the base com-  
plices;  
The sot assumes the role of  
wit,  
And cowards make the base  
submit.

—Butler.

The effect of four-wheel brakes  
on some motorists is to make  
them feel they can safely drive  
twice as fast.

Senator Smoot says \$500,000-  
600 might be cut from federal  
income taxes if Congress would  
not make any extravagant ap-  
propriations. And now the  
question is, if congressmen do  
not vote for extravagant ap-  
propriations this winter, will  
their extravagant constituents  
vote for them next fall?

The first meeting of the Men's  
Federated Church club is to be  
held tomorrow night. This or-  
ganization, which was promoted  
in Jacksonville by Rev. W. E.  
Sponts, is to be controlled by  
laymen. The purpose is to foster

good fellowship and promote  
those affairs which appeal to  
men with Christian standards.  
There is something very ap-  
pealing about a federated church  
club plan, and it is a gratifying  
sign of the progress of the times  
that insignificant denominational  
lines are frequently forgotten.  
Churches are trying to accom-  
plish the same things and it is  
well when they find ways of  
working together to accomplish  
the common ends. The Men's  
Federated Church club gives the  
promise of being a strong and  
helpful influence in Jacksonville.

Samuel M. Vanclein, president  
of the Baldwin Locomotive Com-  
pany, has made an arrangement  
with his physician whereby he  
pays only for health. After a  
recent sickness, he asked the  
doctor whether it wasn't possible  
to keep a patient well instead of  
merely curing him when he got  
sick. The doctor thought it was.  
"All right, then," said Mr.  
Vanclein. "Keep me well for 10  
years. I'll pay you a fat sum  
every year. I will do everything  
as you wish. But if I fall sick,  
I will make deductions from  
your annual retainer according  
to the length of illness." So it  
is a bargain.  
That this action is quite in line  
with the big movement for dis-  
ease prevention. Statistics teach  
marvelous lessons of what may  
be accomplished in this regard  
and it is difficult to estimate  
what the future holds in further  
development.

**STANDARDIZATION**  
An engineer, addressing an  
audience of engineers, says that  
bank checks ought to be made  
all the same size as bank notes,  
so that they would be easier to  
handle and fit nicely into bill-  
folds. That sounds reasonable.  
He further declares that  
pockets should be standardized,  
so that he wouldn't have to throw  
away his note books every time  
he buys a new suit, which also  
sounds rather reasonable to a  
man.

But what shall be said of his  
demand for the standardization  
of women's hats, on the general  
ground that "standardization is  
what makes mass production pos-  
sible and it is the only way that  
industry can keep pace with in-  
creasing labor costs?" What  
woman wants quantity produc-  
tion of hats like hers, or cares  
how much labor goes into them?  
This, surely, is going too far.  
Uniformity in industrial pro-  
duction has great merits, and it  
is necessary in the present  
scheme of things. Yet there is

bound to be a revolt against it  
sooner or later. Life would be  
dreadful in a completely stand-  
ardized world, where everybody  
dressed exactly alike and lived in  
similar houses, similarly furnish-  
ed, rode in the same kind of  
automobiles, and did exactly the  
same things.

**SERVING THE COUNTY WELL**  
Since the majority of the pre-  
sent county board have been  
serving the county has spent  
\$7,000 for North Main street  
hard road. Extensive better-  
ments have been made at the  
county jail and the county  
court house has been painted  
thruout. The past year a fund  
of \$2500 was created for public  
health work and there have been  
other expenditures, not usually  
counted in the general expenses.  
Nevertheless the records show  
that at the September term this  
year it was necessary to antici-  
pate a \$5,000 while three  
years ago, when J. E. Osborne  
became a member of the board,  
the amount anticipated at the  
September term was \$30,000.  
These figures simply go to  
show that Mr. Osborne and his  
associates have constantly en-  
deavored to handle the business  
of the county on an economy  
basis at the same time being  
careful that there shall be no  
backward step. It is not possible  
to satisfy all the people in all  
parts of the county at all times  
with road work done. However  
any fair minded person who  
travels about the county must re-  
cognize that an immense  
amount of work has been and is  
being done on Morgan County  
highways, and that they never  
were in better condition.

**YOUR TIME**  
Doctors notice a steady in-  
crease in the number of men who  
break down between 40 and 50,  
when they should be in their  
prime. Breakdown comes three  
ways—physically, mentally or  
in the ability to forge ahead, and  
reap the harvest of past effort.  
Why so many men break down  
prematurely? The answer is  
partly that civilization is con-  
stantly becoming more complex  
with each year bringing more  
and more demands on the indi-  
vidual's spare time.  
Each year it becomes harder  
for a man to earn a good living  
for himself and family. He goes  
through his work-day at high  
nervous tension, speeded up,  
giving his last ounce of strength.  
This is particularly true of men  
who work with their brains.  
Father goes home at night,  
tired out. What he needs to  
rejuvenate his exhausted cells, is  
complete relaxation with plenty  
of fresh air and little noise.  
But so-called "social duties"  
crowd in. Father finds he is ex-  
pected to dress up and go calling  
on friends. Or maybe it's to a  
movie. Or to a lodge. Or to a  
meeting of some committee on  
which he is serving as Fifth As-  
sistant Deputy Peanut Inspector.  
And so on.  
Before he realizes it, it's around  
midnight when he yawns into bed  
exhausted, with an hour or two  
less for sleep than he should  
have. A man can stand this for  
a while. But in a matter of years  
even a strong constitution be-  
gins cracking under the strain.  
Too many social duties. Too little  
leisure time devoted to relaxation  
and rest. The candle has been  
kept burning at both ends.  
Father weakens, falters, falls out  
prematurely.

**BERTON BRALEY'S DAILY POEM**  
**LOYALTIES**  
**BY BERTON BRALEY**  
As a man can love the ranges  
And the peaks that pierce the sky.  
With a love that never changes,  
That shall hold him till he die;  
As a man can love the spaces  
Where the desert stretches bare.  
Or the cool dim forest places  
And the fragrant piney air.  
As a man can love the ocean  
And the salt wind blowing free  
Over all the troubled motion  
Of the everlasting sea;  
As a man can love the wonder  
Of the lazy tropic night,  
Or the flocks that crash and thunder  
Underneath the Northern Light.  
As a man can love the human  
Leal devotion of a friend,  
As a man can love a woman  
With a love that knows no end;  
So a man can love the gritty,  
Grimy brick and steel and stone,  
And the crowds which fill a city  
That he's proud to call his own!

**HERE FROM INDIA  
ON YEAR'S FURLOUGH**  
Rev. Henry Fairbank Tells of  
Conditions in Distant Land—  
Has Been Resident There Many  
Years  
Rev. Henry Fairbank of Ahmed-  
nagar, India, son of Rev. Samuel  
B. Fairbank, who graduated from  
Illinois college in the class of '43,  
is a very interesting visitor at the  
home of his aunt, Mrs. J. C. Fair-  
bank on Grove street, and with  
other relatives.  
Rev. Mr. Fairbank who will  
speak at the Congregational  
church this morning, has been in  
India for over 37 years and is  
now enjoying a year's furlough.  
He recently came here from the  
National Council in Springfield,  
Mass., and plans the latter part  
of the week to leave for Minn-  
neapolis, where next Sunday he will  
preach in Plymouth church. Later  
he will visit his two sons, in  
Edgemon, S. D., and Hobson,  
Montana, respectively.  
He is keenly interested in In-  
dia, where he has spent the greater  
part of his life, having been  
born there, the son of mission-  
aries, his mother, the daughter  
of a missionary, having also been  
born in the Orient. Both his  
father and mother are buried in  
the land where they spent their  
lives working for its Christianiza-  
tion.  
Ahmednagar, where the Rev.  
Mr. and Mrs. Fairbank live, is a  
town of about 35,000 inhabitants,  
about 150 miles east of Bom-  
bay. The country depends en-  
tirely upon agriculture for its re-  
sources as there are no factories,  
nor mines of any kind. It is  
the head of the district, which is  
largely like our state, and com-  
prises 11 counties. An English  
collector is chief magistrate.  
**Conflicting Currents**  
Speaking of the present condi-  
tion in India, Rev. Mr. Fairbank  
said that since the arrest of  
Gandhi, things had quieted down  
considerably, though the people  
were at odds among themselves,  
as has been the history of India,  
with their various religions their  
lack of understanding one an-  
other. Because of different lan-  
guages, and the caste, which  
stifles progression, the people  
had not been in a position to take  
a great share in governmental  
politics, though England was giv-  
ing more and more privileges to  
the Indians, thru councils being  
formed, this really being the con-  
summation of a proclamation is-  
sued by Queen Victoria years ago.  
He stated that India had many  
splendid colleges and universities  
where the people of high caste  
and wealth are educated, English  
being taught in all and that while  
the native language, Marathi,  
which is known as Hindustani,  
is spoken principally by the  
Hindustanis, that English is  
taught and spoken by all the edu-  
cated classes, such as profession-  
al men. All lawyers, he said,  
speak the English language and  
many Indians are educated in  
England and America. Gandhi,  
himself, was educated in London  
and was a barrister there, before  
going to Africa and India.  
**Work Among Outcasts**  
The missionary's work lies  
principally among the people  
known as the outcasts. These  
people live without the city  
walls and while they come in to  
buy and sell from and to the mer-  
chants "within the pale" their  
purchases are thrown to them, so  
to come in contact with them  
would lose the merchant his caste.  
Even their shadows are said to  
pollute.  
Yet when these outcasts be-  
come Christians, and are edu-  
cated, they are recognized, at least  
to some extent by the higher  
castes. The higher castes, when  
becoming Christians, lose all their  
standing in their former Indian  
relationships, and have to leave  
home, hence the few number of  
the high caste Indians becoming  
Christians.  
**One Railroad**  
When asked about the trans-  
portation facilities in his field,  
Rev. Mr. Fairbank said that there  
was one railroad running through  
Ahmednagar, some motor cars,  
perhaps 25 "flyovers" Oxeo,  
either singly or in teams do the  
agricultural work and the heavy  
hauling, their horses being used  
only or principally for personal  
transportation. The highways,

**MORGAN COUNTY S. S.  
CONVENTION BEGINS**  
Good Speakers, Fine Music and  
Big Entertainment Program at  
Durbin for Yesterday and To-  
day.  
The county Sunday school con-  
vention opened yesterday after-  
noon at Durbin M. E. church with  
a large attendance of delegates  
and visitors. Music for the after-  
noon and evening was furnished  
by young people of Durbin. An  
orchestra and several individual  
numbers were featured during the  
evening program, which was in  
charge of the county Young Peo-  
ple's conference. The speaker  
of the evening was Rev. B. H.  
Sealock, pastor of the Virden  
Christian church. The musical  
program consisted of a violin  
solo by Dawson Darley, whistling  
solos by Miss Daisy Seymour and  
selections on the cornet by John  
Rawlings.  
During the afternoon the  
speakers were Prof. Wallace N.  
Stearns of Illinois Woman's col-  
lege, former Sunday school sec-  
retary for North Dakota, and  
Rev. Sealock. C. L. DePaw spoke  
on the purposes of the county or-  
ganization. Lunch was served by  
the ladies of Durbin church in  
regular country style and was  
greatly enjoyed by the visitors.  
A full program is on schedule  
at the convention today. Sunday  
school will be held at 9:30 and  
the various departments will be  
led by the following: Primary,  
Mrs. A. E. Powell; Juniors, Mrs.  
Sadie Darley; Intermediates,  
Prof. Stearns; Adults, C. S.  
Smith. The lesson hour will be  
followed with a round table dis-  
cussion in each department.  
At 11:30 Prof. Stearns will  
preach the convention sermon.  
Ladies of the church will serve  
dinner and supper.  
In the afternoon the speakers  
will be Rev. A. P. Howell and  
Rev. W. R. Johnson, the latter  
speaking on "Evangelism." Busi-  
ness and election of officers will  
close the afternoon session.  
The early evening hour will be  
devoted to motion pictures. Two  
reels of these, one on the Print-  
ers' Tuberculosis sanitarium at  
Colorado Springs, Colo., and the  
other on the Christian Sunday  
school at Canton, Ohio, were giv-  
en during the young peoples' pro-  
gram last night. This meeting  
was in charge of Miss Virginia  
Cummings. Alfred Cranwill spoke  
on the subject "Our Girls," and  
Miss Virginia Smith on the sub-  
ject "Our Boys."  
The evening session of the  
convention will open at 7:30. The  
main address will be given by  
Rev. W. E. Sponts, who will  
close the sessions for this year.

**BARBER SHOP ROBBED**  
For the third or fourth time  
on East State street was entered  
and robbed Friday night. About  
a dozen razors were taken by the  
intruder, who entered the shop  
by way of the basement. He got  
into the basement thru a window  
by sliding down an ash pile out-  
side. The window had been used  
as an exit for the ashes, which  
were thrown out of the basement  
and had been left unfastened.  
Police have thus far found no  
clue to the identity of the burg-  
lar.

**ALICE IN WONDERLAND  
PLEASES AUDIENCE**  
A. A. U. W. Staged Successful  
Play Before Large Audience in  
High School Auditorium Sat-  
urday Morning.  
A large audience assembled in  
the high school auditorium Sat-  
urday morning for the presentation  
of "Alice in Wonderland." The  
play was given by the local branch  
of the American Association of  
University Women, and was the  
first of a series of such enter-  
tainments which the association  
plans to give. Children of the  
grade schools were admitted  
without charge and they were  
present in large numbers. Par-  
ents of many of the children  
were also in the audience and the  
performance was one which ap-  
pealed to the adults as well as to  
the children.  
Much of the credit for the suc-  
cess of the undertaking is due to  
Mrs. Garm Norbury, who direct-  
ed the play and served as general  
chairman. Those who assisted  
Mrs. Norbury were Mrs. Frank  
J. Hehl, Mrs. A. B. Applebee,  
Mrs. Vorce Bassett, Miss Helen  
Graham and Miss Anne Jackson.  
The costuming was under the  
direction of Mrs. Bassett.  
All of the parts were exceed-  
ingly well taken and the acting  
of the various characters was of  
a kind not usually seen in an am-  
ateur performance.  
Included in the cast were the  
following characters:  
Alice—Carol Lander.  
Queen of Hearts—Miss Neville.  
Duchess—Miss Wadsworth.  
Cook—Miss Ayers.  
Dormouse—Wadsworth Apple-  
bee.  
Cheeshire Cat—Miss Jackson.  
Hatter—Miss Thompson.  
White Rabbit—Mrs. Doane.  
March Hare—Miss Swanson.  
King of Hearts—Miss Gates.  
Knave of Hearts—Mrs. Perry.  
Executioner—Mrs. G. E. Stick-  
ney.  
Gryffin—Miss Mount.  
Mock Turtle—Mrs. Mark Hunt.  
Court Men—Miss Merrill and  
Miss Golden.  
Court Ladies—Mrs. Ratachak  
and Mrs. Jackson.  
Four Little Girls—Cornelia  
Wood, Mildred Rose, Dorothy  
Jane Scott, and Kathryn Scott,  
who were trained by Miss Betty  
Palmer.

been very much delighted with  
the fine spirit of all points since  
my coming to Jacksonville. May  
this good spirit prevail thru all  
the problems of the church. The  
more bitter problems should be  
handled very carefully and prayer-  
fully lest we say or do something  
that might bring displeasure to  
us and the Kingdom. This is  
the year to pray for a sweep-  
ing revival of God's spirit in our  
hearts and the world, so let us  
pray. "The Kingdom Come." H.

### HALLOWE'EN PRIZE LIST IS PUBLISHED

Many Attractive Rewards to  
Tempt Costumers Into Parade  
Here Wednesday Night.

The complete list of prizes to be awarded to costumed characters in the parade and Halloween festival here next Wednesday evening, was announced last night by H. A. Williamson, chairman of the Halloween committee. The Community Band has been secured to lead the procession, which will form at the northwest corner of the square at 7:30 o'clock Wednesday evening. The line of march will circle the square four times.

Stages will be erected at the four corners of the square, which will be approached by runways, enabling the marchers to pass over the platforms. The judges will be stationed on these platforms and will get a better view of the contestants on having them separated from the crowd. As the stages will be brilliantly lighted the crowd will also have a better opportunity to view the costumes as they cross under the lights, and at an elevation. Here is the complete list:

### WOMEN ON FARMS TELL IN DETAIL OF THEIR LIVES

One Plows, Another Considers Taking Bath Recreation

SPRINGFIELD, Ill. (A. P.)—One woman in Illinois plows a corn field eight hours a day and then finds her greatest recreation in "putting the kids to bed," while another lists as a recreation, "taking a bath," according to answers to a questionnaire sent Illinois housewives by the Home Economics association assisted by the Household Science department of the Illinois Farmer's Institute.

From the plowing woman to the mother who, at the end of a hard day sought her pleasure in "listening to the music of the birds," the answers tell a vivid story of life in Illinois homes. The home maker, extolled by others in song and story, finally has written her own epic, officials of the economics association believe.

The purpose of the questionnaire was to gather information on which to base a practical schedule of household work, giving woman an equalized ratio of work and recreation.

The women were asked the size of the family, number of boys and girls, names of father and mother, their ages, whether there were any relatives living in the home dependent on the family, how much time was devoted to household work, how much to recreation, and what sort of labor saving apparatus was in the home. The questionnaire was accompanied by seven blank pages on which women were to put down their schedule of work for each day in the week.

**Work and Play**

The answers showed that there is greater sharing of work and play in the farm home than in the city home. That is, country women work more and play more than do city women. It was also shown that in the homes of the high grade workingmen there was a fine co-operation between husband and wife and children. The size of the home averaged eight rooms, although it varied from two to 18. One-third of the homes reported no pantries, and one-third had no baths.

Other facts brought out were: Forty per cent of the women carried the water they used from wells, while about 60 per cent had running water. One-half of the homes were lighted by electricity, one-tenth by gas and one-third by lamps. Fuel for cooking showed many combinations, but

wood was more used than any other fuel, then came coal and oil, coal in winter and oil in summer, and in one home only corn cobs were used. Sixty-two per cent of the homes had furnaces and 39 stoves.

Power driven washing machines were in 53 per cent of the homes, and one-fifth of them had hand power machines. Thirty-seven per cent had no washers at all.

Ten to fifteen minutes was the average time spent in eating a meal. Forty-five to 60 minutes spent at table brought an apology.

The versatility of the home maker was shown by one woman who spent her time as follows: Mending auto top, one hour; base ball, 30 minutes; stocking, 15 minutes.

As for recreation, there were picnics and auto trips and club meetings. Nearly everyone read something.

Care of children was listed as work by some women and as recreation by others.

**PROSPECTS GOOD FOR ROAD TO SOUTH**

The good news comes that surveys from the state department of public highways are now running levels on the highway south of Jacksonville and will survey the road from the Greene county line to a point about four miles south of the city, which will be the end of the stretch of hard road for which contract has already been let.

The state highway department has indicated its intention to include this road to the south in early lettings and the survey work gives further proof of this intention. Frank Mawson of the county board was in Springfield recently and conferred with the highway department relative to this south road extension.

made of various types of guns used by the different nations in the World War.

Of a total of 12,000 commissioned officers of the United States regular army examined by army medical boards, more than 9000 were found to have physical defects.

Brigadier General George H. Harries, at one time commander of the District of Columbia National Guard, was re-elected commander in chief of the Military Order of the World War.

During the World War, 346 officers and men of the British army were executed by the firing squad. The causes were cowardice, mutiny, desertion, murder and sleeping on duty.

An athletic field was recently dedicated at the New Jersey College for Women in New Brunswick, N. J., in memory of the first American transport torpedoed in the World War. It is called "Antilles" after the name of the vessel.

The Federal Government, for 1923, paid out \$263,012,500 in pension money. Most of this was turned over to Civil War and Spanish War pensioners, less than \$1,000,000 of it going to pensioners of the War of 1812 and Mexican War.

A huge Gobelin tapestry representing the departure of Philadelphia troops for the World War is now being woven in France, to be presented to Philadelphia by the French Government. This work of art will take more than three years to complete.

The U. S. Government has a department in the claims section of the Treasury where the effects of all soldiers killed in battle are listed and later sent to the relatives or the nearest kin. Many of the cases contain all kinds of trinkets, shoes, guns, rings, etc.

The Joint Army and Navy Board, of which General Pershing is chairman, and which is composed of high ranking officers of the army and navy, is opposed to the proposed consolidation of the War and Navy Departments into a single Department of National Defense.

Grover Cleveland Bergdoll, draft dodger, it is reported, will come back to the United States and "take his medicine." He is now detained in Germany by Court proceedings, following the killing of a former army officer and the wounding of another in an attempt to kidnap Bergdoll.

Captain Charles Nunkesser, famous French aviation ace, will give exhibitions in American cities, under the auspices of the American Legion. He will reproduce his most famous battles in the air against the Germans. Three other aviators accompany him to act the part of "enemy planes."

The first American decoration, which had a general application to enlisted men, was the result of an order issued in 1782 by General Washington. A soldier cited for the decoration was permitted to wear on his facings over his left breast the figure of a heart in purple cloth or silk, edged with narrow lace or binding.

More than 2600 chapters of the Red Cross throughout the United States are engaged in service to the disabled veterans of the World War. During the past year \$5,866,255 was expended in the work of advancing the welfare of 200,000 veterans of the war and their families. This included more than 100,000 disabled men treated in hospitals.

Provision has been made for a chaplain with the American troops at Tientsin, China; 13 chaplains in the Hawaiian Department; one in Porto Rico; 8 in the Panama Canal Zone, and ten in the Philippine Islands. They are selected from the various denominations to the end that so far as practicable men of all faiths may have opportunity to worship under the form of the church of their choice.

Medical students who have completed four years of study are offered an opportunity to complete their medical education and get practical experience and training under experts in the medical department of the United States army. The student is allowed \$720 and all expenses for the fifth year of his schooling and is placed in a 200 to 1000 bed hospital to complete his training. Candidates must be male citizens of the United States, 23 to 32 years old, and able to pass a rigid physical examination.

Greenville, Ala., Oct. 27.—Two men are known to be dead, 12 are injured and several reported missing as a result of a boiler explosion at the gin plant of Beel and Brothers here today.

Chicago, Oct. 27.—Approximately one half million dollars of the \$1,250,000 estate of William H. Redington, ink manufacturer, will eventually go to Chicago and Illinois philanthropic institutions as his will filed today.

Chicago, Oct. 27.—A shipment of 2,600,000 German marks have just been received by the public state bank here. The shipment filling a packing case five feet long, four feet deep and three feet wide, according to bank officials is redeemable for \$650 in American currency.

Chicago, Oct. 27.—Forty barrels of whisky were listed as doubtful assets in an inventory of the estate of William L. Phelps, late head of a milling company, filed today in probate court. The estate was valued at \$250,000.

Cincinnati, Oct. 27.—The sensational affair of the House of David reached the United States circuit court of appeals here today when Benjamin Franklin Purnell and his wife, Mary, and their organization known as the Israelite House of David filed an appeal against a judgment of the United States District Judge John Sater, awarding \$24,078.08 against them at Grand Rapids, Mich.

Benton, Ill., Oct. 27.—County Judge S. M. Ward today announced his candidacy for the Republican ticket for representative in congress from the 25th district.

Athena, Oct. 27.—A semi-official communication issued today says all the remaining rebels among the provincial troops who mutinied early this week, now have surrendered.

Berlin, Oct. 27.—Major Buchrucker, a leader of the unsuccessful putsch at Kuestrin late last month, has been found guilty by court martial and sentenced to ten years confinement in a fortress.

Major Hertzner, his second in command, received 30 months imprisonment. The others of the 14 accused were given sentences ranging from three to eight months.

London, Oct. 27.—England's oldest newspaper, the Pall Mall Gazette, passes out of existence with today's issue. Its property, leading features and title will be absorbed by the Evening Standard.

The original Gazette was founded in 1803.

For many years the Pall Mall Gazette was owned by William Waldorf Astor who disposed of it soon after the outbreak of the World war.

Paris, Oct. 27.—Pierre Schweisguth, one of the directors of the credit national, with a staff of experts, has gone to Dusseldorf to undertake for the French government a study of financial conditions in the Ruhr, as affected by the cessation of passive resistance. M. Schweisguth and his associates also will make an investigation of the currency problem.

Hornell, N. Y., Oct. 27.—Erie train No. 13, a New York to Chicago express was wrecked in the Hornell yards today. Eleven cars were thrown from the tracks and ran for a quarter of a mile over the ties before the train could be stopped. The tracks were torn up and the cars were damaged but the express messengers were unhurt. The train carried no passengers.

Springfield, Ill., Oct. 27.—A requisition signed by Governor McCray of Indiana, for the return to Knox county, Ind., of Albert Ionne, under arrest in Centralia, was honored by Governor Small this morning. Ionne is wanted on charges of assault with intent to kill.

### PREFERS BARBERING TO LIFE AS BANKER

Vice President of Four Institutions Returns to America and Again Takes Up Razor

SAN FRANCISCO. (By the A. P.)—John Kerment of this city prefers to be a barber in the United States than a banker in Yugoslavia and he proved his statement by giving up the vice-presidency of four banks in Yugoslavia and returning to San Francisco, where he is again manipulating a razor.

Kerment, better known as "John the Barber," left here three years ago for his native Yugoslavia. He carried with him \$11,000 in American money, which he exchanged for 2,000,000 crowns. Having become a "millionaire" overnight, John started a bank at Virutica. The institution, capitalized at 5,000,000 crowns, grew and three branches were added. The San Francisco barber became vice-president of the group, being in charge of the branch at Zargat, Croatia.

"We made money, and while I like the banking business better than the barbering business, I didn't like the unsettled conditions of the country," explained the barber-banker on his return here. "Everybody in Yugoslavia wants to be a general and shoot somebody. Nobody wants to work. Every morning I would shake my head to see if it was still on my neck."

"After I had been there for several years I learned that I would lose my citizenship in America if I stayed any longer. I wouldn't lose that for a dozen banks in Europe, so I quit and came back to San Francisco to re-enter the barbering business."

Mrs. Harold Burrus of Athensville was shopping in the city Saturday.

Mr. and Mrs. L. W. Engle were in the city from Urbana yesterday.

### SEPTEMBER FIRE LOSSES SHOW DECREASE

Springfield.—Fire losses in Illinois showed a substantial decrease during September, according to the monthly summary of State Fire Marshal John G. Gamber. The loss for the month was \$667,683 and is the lowest monthly loss during the last three years. The loss for September, 1922 was \$1,018,305. Absence of fire of large proportions is said by the fire marshal to be responsible for the showing.

## SOCIAL EVENTS

**Gave Masquerade Party**  
Miss Mildred Devine entertained a number of her friends recently at a masquerade party. The evening was very pleasantly spent with games and contests and dainty refreshments were served. In the company were the following: Misses Marie Walbaum, Frances Cobb, LeVingia Owens, Lena Norflett, Nora Reynolds and Maude Coker. Messrs. William Walbaum, Clyde Hudson, Dale Walker, Hubert Norflett, Washington and Elwell Hagen.

**To Give Masquerade**  
The B. Y. P. U. of the First Baptist church, will give a Halloween masquerade for its members at the church on Tuesday evening. Miss Eleanor Ludwig, chairman of the entertainment committee, has charge of the program and entertainment.

**Party at I. W. C.**  
The students of Illinois Woman's college enjoyed a very pleasant Halloween masquerade in the college gymnasium last evening.

The gymnasium was artistically decorated in orange and black. The decorations were arranged in shape so as to represent a tent brilliant colored in many fall leaves, lanterns and pumpkin Jack-O-Lanterns.

The evening was begun by a grand march in which all the guests entered. Prizes were awarded for the best and most in-

teresting costumes and to the two best dancers.

The party was given by the Athletic association, Miss Helen Bly having charge. Miss Winifred Potter was chairman of the decorating committee and Katherine Stevenson, chairman of the refreshment committee.

**Entertained German Club**  
Professor Hilda M. Rastmann entertained the members of the Illinois College German club at their first meeting Friday evening at Academy Hall.

A large number of the members were present and the evening was spent pleasantly in playing games and singing German songs.

It was decided that the club would meet on alternate Friday evenings and the next meeting will be on November 9th, at which time there will be an election of officers for the year.

Unusually interesting programs will be arranged for the regular meetings to be held through the year, and a part of each meeting will be given over to informal social gatherings.

All former German students and anyone interested in German is cordially invited to attend these meetings.

**Miss Owens**  
Hostess at Party

Miss La Vinga Owens was hostess to about thirty guests at a Halloween party given at her

home on South Main street last evening.  
The house was artistically decorated in fall flowers and Halloween colors carrying out the spirit of the season very beautifully. The evening was spent in playing games and in enjoying the many Halloween attractions which were arranged for the amusement of the guests. The main feature of the evening was a solo dance given by the hostess.

**Music Club Met**  
Saturday Afternoon

The Music club met Saturday afternoon with Mrs. Georgia Miller. A program was rendered. The meeting was opened by the club motto followed by the club song and roll call which was answered by ghost stories and riddles.

Those on the program were Dorothy Fulton, Vivian Keenan, Alma Lloyd, Lucile Courier and Earl Robins. After the program refreshments were served.

The invited guests were Carl Paul and Robert Kaiser, Dorothy and Wanda Kumble, Florence and Vivian Profit, John and Jesse Shot. The next meeting will be held at the home of Miss Virginia Beerup.

Miss Bracewell of Jacksonville is the teacher.

**To Give**

The South Side Circle met Saturday afternoon in regular session with Mrs. Lee Crawford. A regular business session was held after which Mrs. Roy Scott presented a very interesting paper, "American Industries and Why We Should Encourage Them."

This was followed by a social hour at which time refreshments were served. The circle will hold their next meeting on next Friday afternoon, November 2nd, at the home of Mrs. W. O. Wait on Westminster street, with Mrs. Grant Graff in charge of the program.

**S. S. Class Had**  
Masquerade Party

Members of the Every Sunday class of Centenary church enjoyed a masquerade party Friday evening at the church. The decorations were in keeping with Halloween and the games were also of an appropriate kind. In the peanut hunting contest Emmett Barton won the prize. Miss Gertrude Atkins, the teacher of the class, was in general charge of the arrangements.

Those in the company were: Mildred Beggs, Ruth Ledford, Vera Allen, Helen Linn, Harriet Ranson, Ruth Harrison, Frances Boston, Jennie Tonkinson, Wilma Henly, Alma Frances, Ruth Wells, Thelma Endsley, Nadine Perkins, Christine Freitag, Myron Berger, Doris Behymer, Emmitt Barton, Donald Hess, John Cully, Dean Sargent, Fred Birdsell, Harry Birdsell and Meryl Johnson.

**Halloween Party**  
in Country

One of the pleasant Halloween affairs was the party given last night at the home of Miss Frances Walters four miles southwest of the city. Games and contests in keeping with the Halloween season were played and delicious refreshments were served.

Among the guests were the following: Misses Hattie Davis, Pearl Davis, Mildred Ragon, Vinita Switzer, Mildred Ranson, Arthur Henry, Juanita Coulton, Irvin Coulton, Dorothy Jackson, Dorothy Levington, Mattie Ray, Aileen Switzer, Frances Walters and the Messrs. Vincent Davidson, Ralph Floeth, Charlie Davis, Floyd Ehler, Lloyd West, Raymond Davidson, Darrell Wilson, John Shanahan of this city, Earland Logue, Revone Hawk, Clarence Jokish of Virginia, Joseph Pierce of Waverly, Roy Switzer, Mr. and Mrs. L. L. Switzer, Mrs. Julia Duncan and Mr. and Mrs. Carl Walters.

**Halloween Party**  
Monday Night

A Halloween party is to be given Monday evening by members of the Sunbeam class of Brooklyn M. E. church, of which Miss Kathryn Randle is the teacher. The affair is to be given on the church lawn and members of Mrs. William Hembrugh's class have been invited as guests.

It is to be a masquerade party and all the guests will come in fancy costume. The various committees in charge of the arrangements are:

Games—Elizabeth Jameson and Beatrice Moore.  
Refreshments—Lucille Melton, Virginia Godfrey and Norma Leith.  
Decorations—Margaret Benson, Mary Benson and Martha Curtis.  
Invitations—Virginia Bond and Kathryn Randle.

Mrs. Evelyn Plank and daughter were Arenville representatives in Jacksonville yesterday.

**Colley**

R. W. Emerson received a message this morning of the death of his sister-in-law, Mrs. William Colley of Paulding, Ohio. She was a daughter of the late Thomas Swain of Prentice.

Funeral services and burial will be held at Paulding, Ohio, next Tuesday morning.

Charles Strawmatt was in the city from Murrayville Saturday.

## MARBLE CUTTERS BUSY WITH WAR MONUMENTS

Americans Placing Many Markers Near Meuse and Argonne Forest to Commemorate Action

BRIEULLES, France. (By the A. P.)—The track of war along the river Meuse, between Verdun and this little city, where there stands a monument commemorating the capture of the place Oct. 9, 1918, by the Third American Corps, furnished evidence of the stimulation that the war has given to the marble cutting trade.

Thirty thousand monuments have already been erected by the French to their dead, and this department of the Meuse, where the French fought the Battle of Verdun and where the Americans fought the battles of the Argonne and Meuse, has its share of them. An enumeration of the positions around Verdun and along the Meuse where there occurred actions deserving commemoration would be tiresome. The marble cutter has work ahead for him there for many years.

It is in this region, also that the Americans find more occasions than anywhere else to commemorate the participation of their troops in the war. It was here that the American forces, as separate units did the greater part of their fighting. Some monuments have been put up by American divisions and American corps.

German monuments are more numerous than American. They were erected during hostilities. Where they mark the resting place of German soldiers they are respected, but those that seem to have been erected to the glory of the German armies are being destroyed.

**MUSICAL SHOW**  
AT THE GRAND

"Hello Prosperity," a rapid fire musical show, was presented before large audiences at the Grand opera house by Manager Scott Saturday afternoon and evening. This entertainment is known as a Marcus show and the name guarantees color and life.

There is nothing prosy or slow about any Marcus production. There are clever dance and chorus numbers and the whole of the sprightly company entered into the production with enthusiasm. The large audiences present found "Hello Prosperity" fully up to the advance notices.

## IOWA DEFEATED OHIO IN ANNUAL GRIDIRON BATTLE

### Hawkeyes Excelled in Every Department of the Game

COLUMBUS, O., Oct. 27.—(A.P.)—Iowa excelled in all departments of the game and defeated Ohio State 20 to 0 in the annual gridiron battle between the two teams at Ohio Stadium here today. It was Ohio's second defeat of the season at the hands of a big ten foe and marked an Iowa come back after the Hawkeyes bowed to Illinois last week.

The Iowans, who scored two touchdowns and a pair of field goals, demonstrated their supremacy at every stage of the contest and excepting for a few desultory flashes of form, the Buckeyes were completely outplayed throughout. The Iowa backs led by Fry and Graham and aided by their heavy forward wall, pounded their way thru the Ohio line for long gains, skirted the ends with frequency and when they resorted to the forward pass led to considerable success. The Ohio offense like the defense failed to function consistently. Twice the Buckeyes who resorted to the aerial attack almost constantly after the first Iowa field goal, worked the ball well within Iowa territory, once to the 13 yard line, and on both occasions they were thwarted when Iowa backs intercepted their passes. Ohio missed another chance to score when Wilson dropped a long pass near the goal.

The Hawkeyes seemed able to solve the Buckeye aerial attack and intercepted a number of Workman's long passes.

The second period brought an Iowa tally this time a touchdown by Scantlebury who replaced Fry at quarterback. He plunged over after a series of line bucks and passes took the ball to the Ohio 10-yard line. Fisher kicking goal.

Ohio braced in the third and fourth periods and excepting for Hancock's touchdown in the final quarter which was made on a forty yard dash after he scooped up a fumble, the Hawkeyes were unable to attain the goal.

The game was marked by frequent penalties both teams set-

back for holding, while Iowa lost much ground thru offside play on the part of the linemen. A crowd estimated at 40,000 saw the game.

## WAVERLY WINNER OVER AUBURN 7 TO 6

Waverly high was returned victor over Auburn high at Auburn by a score of 7 to 6. In the first few minutes of play Waverly made the first touchdown, followed by a goal by a series of forward passes and line plays. The rest of the game was a close affair until very near the end of the fourth quarter when after a completed forward pass the runner when tackled let the ball slip from him and it in turn was kicked, fumbled and rolled over the Waverly goal, where Auburn fell on the ball but failed to kick goal.

## CARROLLTON HIGH BEATS ROODHOUSE

### Coach Fannings Team Clearly Outclass Their Opponents In Every Department of the Game—Final Score 25 to 0.

Carrollton, Oct. 27.—(Special to the Jacksonville Journal)—Carrollton high defeated Roodhouse high here this afternoon by a score of 25 to 0, before the largest crowd of the season. Carrollton clearly outclassed their opponents in every department of the game.

The feature of the contest was the open field running of McDonough of Carrollton who made two touchdowns. On the first down of the game he, aided by perfect interference, made a touchdown on an end run. In the second quarter Captain Hutchens of Carrollton grabbed a fumbled punt and ran for a touchdown. In the third quarter, Vandersand of Carrollton playing at fullback, added another score by straight football. The last touchdown was made when McDonough skirted the Roodhouse right end.

Roodhouse put up a hard fight but was unable to puncture Carrollton's heavy line. Coach Fannings of Carrollton has an open date on November 3rd and would like a game with some team for that day.

## DARTMOUTH WON FROM HARVARD

CAMBRIDGE, Mass., Oct. 27.—For the first time in 16 years and the third time in the history of football, the Green of Dartmouth waved in triumph tonight over the Crimson of Harvard. A crowd of 52,000 today saw a powerful Dartmouth eleven crush the undefeated Harvard machine 16 to 0, in the stadium here.

The big Green eleven unleashed an attack with a versatility that bewildered the Harvard defense and sent the Dartmouth team twice over the goal line for touchdowns in the first half.

Captain Cy Aschenbach booted a beautiful kick from placement high and far over the Crimson goal posts in the fourth period, making the score 16 to 0.

## Illinois With Fleet Footed Grange Won From Northwestern

Chicago, Oct. 27.—(A.P.)—Illinois with its Wheaton ace, Harold Grange, performing in sensational style, defeated Northwestern here today by a score of 29 to 0. On only one occasion did the purple of Northwestern appear to have a chance to score and when the goal line of the Grange loomed before them, Grange stepped in, grabbed a forward pass that looked good for a score, dodged, ducked, wriggled and ran his way out of danger and landed behind the goal posts 90-yards from where he started. Never once was he stopped by a single opponent. It required from one to five men to pull Grange down and even then he managed to wriggle along for a few yards farther. It was a wonderful example of football that Grange displayed.

Probably the other epic of the afternoon was when Northwestern braced in the shadow of their own goal line and held firmly with the ball on their own one yard line in the third period.

Illinois displayed better open play work than did the Purple team.

The first score came early in the first period. The ball has searowed up and down the field and was on Northwestern's thirty five yard line when a punt was blocked and Grange scooped up the pigskin and swept away for a thirty five yard run and touchdown. Britton kicked his goal.

Shortly afterward Grange fumbled the ball as he was being tackled and Wolf recovered it on Illinois 35-yard line and sprinted to the 20-yard mark before being downed. Two plays sent the ball to the ten yard mark when a forward pass went wrong with Grange ultimately on the receiving end and he made his 90 yard dash for the second touchdown.

The third touchdown came in the second quarter when circling the ends and off tackles brought the ball to Northwestern's five yard line and Grange

was once more called on. He pushed it over on a drive between Right Tackle and End. Muhl who had replaced Rokusek when the latter and Taylor of Northwestern had been ordered out of the game for roughing it got the credit for the other touchdown.

This happened in the fourth period. In the third period, Britton hoisted a goal from field while on the thirty five yard line.

The last touchdown came as the result of a beautiful forward pass by Hanson who had relieved Britton. It was a fifteen yard throw to Muhl who slipped over the other ten yards and placed the ball between the goal posts. Coutchie drop-kicked the goal.

## SUB-QUARTER SAVED NAVY FROM DEFEAT

BALTIMORE, Md., Oct. 27. (A.P.)—Princeton and the Navy battled desperately in the stadium here today only to find themselves deadlocked at the finish, 3-3.

"Red" Ballinger, a substitute quarterback, saved the Midshipmen from defeat by kicking a field goal from the 17-yard mark in the last minute of play.

It was a dramatic ending to a game replete with thrills. Three times had the Navy host battered at Princeton's goal and as many times had the Tigers hurled them back. Dusk was setting over the field as the Annapolis team began its fourth charge to the chalk mark and they appeared destined to lose. But they quickly swept the Tigers before them to a point within the ten yard line and after determined efforts for a touchdown and victory had failed Ballinger dropped back to send the ball sailing between the goal posts.

The little quarterback thus duplicated the feat of Dinsmore, also a substitute quarterback in the second period.

Kicking from his 27-yard line Dinsmore turned one of the Tigers' four threats into a score. Smith earlier had failed in an attempt at a field goal and later the Navy blocked a second effort.

## YALE DEFEATED THE STRONG BROWN ELEVEN

NEW HAVEN, Oct. 27.—With a powerful attack and a strong defense Yale showed improved form in defeating the strong Brown eleven today 21 to 6. Two Eli touchdowns were the result of the rushes while the other came when Yale recovered a blocked Brown punt over the goal line. Yale failed to score after these touchdowns and the other three points were made when Stevens scored a drop kick from the fifteen yard line on the final play in the first half.

Pond starred for Yale on the offense making a touchdown in the first and fourth periods.

## GEORGIA TECH FALLS BEFORE POWERFUL NOTRE DAME TEAM

### Southerners Fought a Stiff Uphill Fight Against Great Odds

NOTRE DAME, Ind., Oct. 27. (A.P.)—The Fighting Notre Dame eleven, conqueror of Army and Princeton, scored its third inter-sectional victory within three weeks today by defeating Georgia Tech, 35 to 7, before a crowd of 20,000 spectators that jammed every inch of Carter Field. The game Southerners fought a stiff uphill fight, but fell before sheer superiority and superbly executed brand of football.

Coach Rockne of the Notre Dame Warriors thru a secondary backfield into the fray at the start, keeping his stars on the sidelines, but after the Georgians started a threatening drive on the first few plays after the kickoff, Notre Dame's aces were hurled into the contest.

With the brilliant Notre Dame backfield in action Georgia Tech never threatened, and managed to score a touchdown only when Rockne's reserves were in the game. The Notre Dame backfield consisting of Layden at full, Crowley and Miller at the halves and Stuhldreher at quarter performed with the same dash and speed that characterized their work in former games.

The sensational running of Don Miller of Defiance, Ohio, the speediest man in the backfield, was the outstanding feature. Miller ran 59 and 23 yards for touchdowns and broke thru the entire Georgia team for another dash of 88 yards, but the score was not allowed because of a penalty. Maher, who substituted for Miller in the last period repeated his performance against Princeton when he dove off left tackle and then cut back thru the field for a 46 yard run and a touchdown. Stuhldreher, Notre Dame's quarter also performed brilliantly in open field running directing the team.

Wyckoff, fullback of the Southern team, fought the battle of

his team scoring their only touchdown and kicking goal.

**MICHIGAN WHIPPED THE MICHIGAN AGGIES**

ANN ARBOR, Mich., Oct. 27.—Michigan whipped the Michigan Aggies at Perry Field today 37 to 0, by a mixture of line plunges, end runs and forward passes and baffled the farmers in all but the third period. At no time was it anything but a triumphant march for the Wolverines. The Aggies, the fighting fiercely gave ground steadily before the smooth attack of the Yost machine.

## FOOTBALL GAME AT WINCHESTER A TIE

Versailles and Winchester Teams Play Tie Game Saturday Afternoon—Other Winchester News

Winchester, Oct. 27.—The high school team played Versailles here Saturday afternoon. It was a very exciting game from beginning to end and resulted in a tie. One of the Versailles players sustained a badly sprained ankle during the game. Supt. Nickel of Bluffs was the referee.

Eugene Priest entertained a number of his schoolmates at the home of his parents, Mr. and Mrs. T. J. Priest, Saturday evening. The home was tastefully decorated and the favors and various games were all in keeping with Halloween. At a late hour refreshments were served.

Mr. and Mrs. William Gaslin and children of Mattoon arrived Friday to visit Mrs. Gaslin's parents, Mr. and Mrs. Fred Burke.

Guy Park of Galesburg is a business visitor here.

Elmer Mason of Canton arrived Saturday evening for a short visit with his mother.

David Killpatrick of Bluffs was a business visitor here Saturday.

## VIRGINIA WINNER OVER FRANKLIN

Virginia High was winner over Franklin High, at Franklin by a score of 6 to 0, the lone score being made in the first inning on an end play.

The teams were of about even weight and were very evenly matched in all departments. No long runs were made and both teams resorted to a considerable amount of punting. Aside from the one touchdown neither goal was threatened at any time the ball being kept near the middle of the field during practically the whole game. It was a hard fought game thruout, both teams working hard for every advantage.

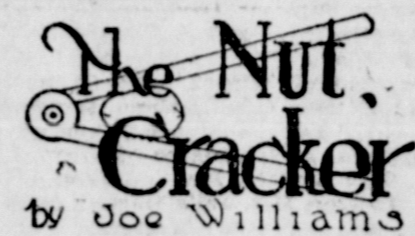

## WEST VIRGINIA 13; PENN STATE 13

New York, Oct. 27.—West Virginia and Penn State, two of the foremost contenders for 1923 eastern gridiron laurels battled desperately but indecisively today before a crowd of close to 25,000 at the Yankee Stadium.

The game ended in a 13-13 tie when Penn State coming from behind at the close smashed its way to a touchdown only to miss the try for extra point that offered a path to victory.

## PURDUE VANQUISHED BY SMASHING LINE ATTACKS OF CHICAGO

**Boilermakers First to Score  
On Maroons This  
Season**

CHICAGO, Oct. 27. — Purdue was vanquished by the smashing line attacks of the University of Chicago today 20 to 6, but returned to Hoosierdom tonight the holders of the season's first score against the Maroons.

Twenty thousand persons, including close to 5,000 Purdue visitors saw the game. The play was remarkable for the sustained line plunging tactics of both teams, while the open formations were little short of utterly neglected. Outweighed by the Chicago line which was in offensive action a greater part of the time, the Purdue defense weakened in the final period and Zorn and Pyott were pushed over the line in the last eight minutes of play.

The Chicago defense was virtually impregnable thruout the soft spot appeared in the second period in which the Boilermakers scored in a brilliant succession of line attacks from their own five yard line. Two substitutions in the Maroon line resulted and for the balance of the game the visitors were stopped in their footprints. Most of the play was with Chicago's ball in Purdue territory.

Spaulding scored Purdue's touchdown on a right end run from the Chicago three yard line. A fifteen yard pass over the goal line, Pyott to Abbott netted the first Maroon score.

### STAR KICKER

JOE "RED" DUNN

Marquette University of Milwaukee last year went thru the season without having its goal line crossed. One of the big stars on the eleven was Joe "Red" Dunn, quarterback. This year Joe "Red" is captain and is expected to star again. Joe "Red" is a great kicker and a three-threat man. Marquette's big games are with University of Vermont and Boston college.

### ROUTT HAS EDGE ILLINOIS RESERVES

Game on Illinois Field Saturday Has Comedy Sketches—Schly Stars—Final Score 13 to 0.

Playing in form never before exhibited during the present season, Routt high handed the Illinois College Reserves the short end of a 13 to 0 score on Illinois field Saturday afternoon. The first touchdown was made by straight, hard hitting line play, and the second touchdown furnished the crowd a splendid example of comedy. The ball had been worked down to a very short distance from Illinois goal and in the punt the ball went to the right under a poor kick and rolled back over the goal line, Walsh falling on the ball for a touchdown.

Illinois far outweighed Routt but did not have the necessary punch and team work to get away with anything. They were also guilty of considerable fumbling, but outclassed Routt on forward passes. In the first half they played a very ragged game but in the third quarter they succeeded in keeping the ball in Routt territory most of the quarter.

At the startoff Routt did not show much pep for the first few plays, but after they got warmed up they began to show their stuff, making most of their gains by straight line plays, end plays seeming to go for naught. Sehy for Routt exhibited some unusually great work in line bucking for gains and with a little more experience should make one of the stars of the city. His hitting is low, hard and certain. Murphy also made some splendid gains through the line.

Both teams resorted numerous punts for advantage, and aside from the fluke touchdown scored by Routt in the final session, the game was rather evenly balanced, Illinois shining in forward passes, while Routt had the goods through the line. Gebert, the Routt star who is out of the game through injury watched the game from the sidelines with the aid of a pair of crutches.

In the first quarter no one scored, the ball resting on Illinois 30 yard line at the close. In the second Routt worked the oval down the field and by a series of plunges carried it to the line where Devlin went over for a touchdown. No goal. Score: Routt 6; Illinois 0. Nothing more was done by either team until near the close of the game when Routt scored their flukes and kicked goal making the final score 13 to 0.

## MINNESOTA AND WISCONSIN TIE IN HARD FOUGHT GAME

**Neither Team Showed the  
Dash to Put Over  
a Score**

MADISON, Wis., Oct. 27.—Wisconsin was unable to overcome the stubborn defense of Minnesota and fought the northern team to a 0-0 tie in a hard played game at Camp Randall today. Neither team showed the dash that would have led to scoring.

Minnesota showed a forward pass attack that had Wisconsin puzzled at times during the game, but were unable to take advantage of gains. The superior kicking of Tait gave the Badgers an advantage on exchange of punts that made up for most of the gains Minnesota garnered from the aerial offensive.

Both the teams remain unbeaten in the western conference, neither, however, will have a claim on the championship should their big ten eleven come thru the season with a clean slate of victories.

Only once did Minnesota's rally threaten to score and that came in the third period when an attempted place kick from the 30-yard line went wild. On two other occasions the Gophers tried kicks from placement but at great distances. Wisconsin missed its scoring chance in the last period when with the ball on the 25-yard line, and third down, Schneider called a forward pass that was intercepted by Abrahamson for Minnesota.

### "ECKIE" AND BRICKLEY GREAT GOAL KICKERS

New York.—Football has seen many great field goal artists. Some have been adept at driving the leather through the uprights via place kicks; some employed the drop kick in an effort to score; while still others were equally clever at both.

Two of the greatest field goal kickers no doubt were Walter Eckersall of Chicago and Charley Brickley of Harvard. They were drop and place-kick experts de luxe. Eckersall used to drop for the most part and Brickley the place-kick. Each was dangerous anywhere within the 50-yard line.

"Eckie" in his day ranked as the best drop-kicker in the game. And though that was nearly 20 years ago, it is not believed that anyone has since been developed who could outdo the Chicagoan at his favorite end of pastime. Twice during his football career he kicked five field goals in a game; once against Wisconsin and once against Nebraska.

Brickley, at placement-goaling likewise stood ace high. Time and again he carried the Crimson to victory, almost single-handed, through his ability to boot them across the bar. He was a feared man by all opponents whenever Harvard had the ball in the foe's territory. Calm and Cool, Brickley was an almost sure shot from the field. His best work in this respect was done against Yale when the Cambridge eleven ran up 15 points, all made by Brickley's toe—five field goals.

Earl Sprackling, old Brown quarterback, was also a good field goal kicker, as was Charlie Barrett, Cornell; Capron, Minnesota; Cliff Sparks, Michigan; Chic Harley, Ohio State, and so on. But none could compare with Eckersall and Brickley for consistency.

**NAT FANS FEEVED**  
Washington.—Donnie Bush has the distinction, if it may be called such of being the only manager in the history of the game to lose his job after landing a second division ball club in a first division berth. Washington fans are much peeved over Owner Griffith's decision to get a new manager for 1923.

**WILSON IN COMEBACK**  
New York.—Metropolitan fight circles are beginning to take new Wilson seriously again. The former middleweight champion has been fighting in improved form of late and will probably be matched with Harry Greb in a title bout in the near future. Wilson recently scored an impressive victory over George Robinson of Boston, a tough negro performer.

### R. L. DYE ASSISTANT DIRECTOR OF LABOR

Jacksonville Man Is Named for Responsible Post in State Department

Announcement was made yesterday that November 1, Richard L. Dye will become assistant director of the Illinois State Department of Labor. Mr. Dye took the oath of office yesterday. This post is created under the administration code of Illinois and Mr. Dye's promotion to it means a larger salary and increased responsibility.

The appointment resulted because of the excellent record that Mr. Dye has made as chief of the factory inspection department. For him the post has the additional

advantage of moving his office from Chicago to Springfield, thus bringing him nearer his home.

Mr. Dye will for the present keep closely in touch with the division of factory inspection, assisting the new chief in becoming acquainted with the duties of the office.

### PALMER HUNT YIELDS TO FATAL INFECTION

Popular Local Athlete Dies Saturday Morning After Hard Struggle for Life—Funeral Monday Afternoon

"He was as loyal and dependable an athlete as any coach, however critical, could ever hope to have as a player or as a captain. He was untiring in his efforts to acquaint himself with sound football, as that was his best liked sport. But whatever the season's sport happened to be he fitted himself mentally and physically to give all that he was expected to give, and then more, a characteristic of all great athletes."

Coach John L. Mitchell.

Palmer T. Hunt, one of the best known and most popular athletes, Jacksonville High school has had in many years, lost his fight for life at 5:30 o'clock Saturday morning at Passavant hospital, where he has been under treatment for the past week. His death was due to general septicemia, or blood poisoning, resulting from some injury which was received sometime back. The manner and date of injury is unknown.

When the news of Palmer Hunt's death went abroad thru the city, everyone who heard the sad news expressed genuine regret for the young man who was popular with all classes and among the hundreds of students who knew and admired him.

Hunt became ill two weeks ago today, and shortly after was removed to the hospital. His last football game was that against White Hall on Oct. 13. He was not feeling well at the time, but did not complain until Sunday after the game Saturday. Shortly before the game with Springfield last year, Hunt became violently ill. A condition of blood poisoning developed in his arm, and he was unable to participate in any further football games during the season. This fall he was believed to be in the pink of condition.

When Hunt became ill two weeks ago, physicians said that his blood was poisoned. However, the trouble did not localize, as last year, but spread thru his system. At the hospital, Hunt's condition grew steadily worse. However, until 6 o'clock Friday evening there remained a slight hope that he would resist the ravages of the disease. At that time he took a sudden turn for the worse, and physicians, family and friends lost hope of his recovery. A number of Hunt's closest friends spent several nights at the hospital during the critical period of his illness.

In the death of Palmer Hunt, athletics loses one of its greatest advocates, the school loses one of its most brilliant pupils, and the world loses one who, on account of his attributes and clean habits, would have taken his place as one of the ideal citizens of the community. The type of sportsmanship which was natural with him was of the kind which commanded admiration from his opponents as well as his teammates who always looked to him as a well-chosen leader.

On his entry into high school in the fall of 1920 he immediately joined the football squad, playing at guard and in his first game, which he won for his school by making the only touchdown, he played at halfback. Later in his freshman year he became a member of the regular basketball squad. In his sophomore year his position on the football team was at quarter, a position which he has since held, having also served this season as captain of the team. In basketball he has played constantly in the position of guard, and was three times picked as all-star guard of the district. In 1922 he also received mention as one of the leading quarterbacks of the state.

He did not enter track athletics except in his sophomore year when he earned his letter in the low hurdles in the Western Illinois High School league. In the middle of the 1922 football season he developed blood poisoning in his arm which was attributed to a slight injury and was forced to stay out of the game for the remainder of the season.

During the past summer he took the examination as life saver, which was given at Nichols Park by Commodore Longfellow, and passed with an unusually good average. He was also a boxer of no mean ability and thoroughly enjoyed a few rounds with the gloves.

In all of his wordly endeavors in an unassuming way, he invariably played the game hard and played it clean, leaving an ideal record for the young men who follow after him in school work and in the world.

Palmer T. Hunt was born Nov. 17, 1903, in Jacksonville, the son of Samuel and Elizabeth Teague Hunt. He is survived by his parents, one brother, Egbert, and one sister, Miss Lydia Hunt.

The remains have been removed from the Reynolds mortuary to the family residence, 325 East College avenue. At 10 o'clock Monday morning they will be taken to Central Christian church, where they may be viewed by friends until 2:30 o'clock Monday afternoon, at which time funeral services will be held at the church in charge of Rev. M. L. Pontius. Coroner C. A. Rose held an inquest over the body of Hunt yesterday. The jury returned a verdict of death from septicemia, the cause of which was unknown to the jury.

### DETAILS OF HISTORY PAGEANT ANNOUNCED

High School Students to Give Elaborate Program on Nov. 9. Partial List of Characters Made Public.

One of the most unique and novel entertainments which has been given in this city for some time will be the historical pageant, under the auspices of the History Club and history classes of the high school, at the auditorium on the evening of Nov. 9. The pageant is entitled the "March of the Ages," and is intended to depict the leading episodes in history from the time of the cave man to the close of the World War.

Special lighting effects are to be used, and each scene will have a prologue or word of explanation. These are being written by the history students and the entire pageant is the outcome of plans originated in one of the history classes of the high school. Episodes will be given showing the prehistoric age, ancient times, the mediaeval ages, modern history and American history.

The proceeds of the entertainment are to be used to purchase reference works for the school library, and also statuary and pictures for the library room. The cast will include about 150 high school students. A partial list of the principal characters is as follows:

Robin Hood—William Vickery  
Finnar Tuck—Tracy Cowgur,  
William Shakespeare—John Morris.  
Julius Caesar—Harry Capps, Jr.

Marie Antoinette and Queen Elizabeth—Dorothy Allen.  
Nero—Sherman Smith.  
Pope Leo—Edward Moy.  
Charlemagne—Lettson Reid.  
Napoleon—Kenneth Thomson.  
Bismark—Louis Gard.

The pupils are entering enthusiastically into preparations for the pageant. Rehearsals are soon to begin in earnest. Chairman have been selected for the various historical groups and for the committees in charge of the stage work. Chairmen of the groups are:

Ancient History—Miss Irene Merrill, teacher. Louise Anthony and Christine Kendall group chairmen.  
Mediaeval History—Miss Mabel Ruyke, teacher. Roda Rammekamp group chairmen.  
American History—Franklin Scott, teacher. Chester Domke and Elnor Mae Ames, group chairmen.

Chairmen of the committees in charge of the stage are: Costumes—Edith Ruyke. Properties—Dorothy Allen. Dance—Isabel Short. Advertising—Elmer Yeck. Stage manager—William Wilson.

Business managers—Harold Hopper and Earl Tilton. Lighting—Robert Reid. Music—Isabel Short.

It is planned to illustrate the various historic ages with topical dances. Egyptian and Greek dances will feature the ancient scenes; the minute will be used to illustrate the French period, and the jazz dance will show the trend of popular fancy following the world war.

Tickets will be on sale for the pageant for the first time on Friday, Nov. 2. It is the first time such an entertainment has been given in Jacksonville, at least in recent years. The high school pupils are working hard to make the pageant a success in every way.

#### WILL OF JAMES MATTHEWS FILED

The will of James Matthews was made a matter of record Saturday. The testator provided for the payment of debts and bequeathed personal property to his wife, Mrs. Eliza Matthews. The residence property, described as lot 11 in Yates and Dunlap's second addition, is bequeathed to Mrs. Matthews for her lifetime. Subsequent to her death the property is to be sold and from the fund thus secured payments are to be made as follows: to Flora Patterson of Chicago, daughter, \$250; to Blanche Greenfield, Washington, niece \$250; Walter and Hal Matthews, \$25 each.

The remainder of the estate is to become the property of another son, Samuel Matthews of Washington, D. C.

The will, which was drawn April 10, 1913, names M. P. Dunlap as executor and the signature was attested by Charles A. Barnes and Lena Engel.

#### PARTITION SUIT

In the circuit court Saturday a partition suit was filed by Mrs. Pearl Gause Laird, against the estate of Bernard Gause et al. The purpose of the suit, brought by J. Marshall Miller, is to bring the partition of lots 5 and 6 in Capps & Lambert's addition.

A suit in assumption was filed by Andre & Andre against F. J. Robinson et al. the papers indicating an indebtedness of \$810. The complainant is represented by Bellatti, Bellatti & Moriarty.

### NO NEW CASES OF INFANTILE PARALYSIS

Health Department Head Believes There Will be no Additional Cases—Few Cases of Communicable Disease in City and County.

There have been no new cases of infantile paralysis reported to the health department during the past ten days, according to Dr. R. V. Brokaw, county health officer. Thruout this period the health officer has kept in close touch with the situation and a careful supervision of contacts has been maintained.

"As the incubation period of ten days has elapsed since the quarantine of the last case," states Dr. Brokaw, "there is every reason to believe that there will be no additional cases occurring by reason of contact with the cases now under quarantine which means that the danger of an epidemic has passed."

According to health department reports there are at the present time thirteen cases of communicable disease under quarantine in the county and seven in the city. The county cases include five scarlet fever, five whooping cough, two infantile paralysis and one typhoid fever. The city cases include five scarlet fever, one infantile paralysis and one whooping cough.

### WOMAN'S CLUB HAS PROGRAM OF MERIT

Concert Program to be Given by Prominent Artists Under Auspices of Jacksonville Woman's Club November 6.

The Jacksonville Woman's Club has announced a program which will be of very special interest to music lovers, to be given Tuesday evening, Nov. 6, at Northminster church. On that date a concert program will be given by Mme. Alice Baschi, contralto, assisted by Armando Leuci, violinist and Miss Mildred Young, pianist.

Mme. Baschi, who is well known in Europe as a concert artist, has been in America but a comparatively short time. She first appeared in recital in Boston several years ago and won hearty commendation from prominent art critics. Mme. Baschi, who has appeared in leading roles in many well known operas in Europe, has a contralto voice of great beauty and clarity. She is of striking appearance and has a most pleasing personality.

Mr. Leuci is an Italian violinist with remarkable talent and plays with unusual warmth and tenderness. He is one of the most promising of the younger violinists and has a record of fine achievements in recital work. Miss Young is an exceptionally gifted pianist and a fitting companion artist to Madame Baschi and Mr. Leuci.

The music committee of the Woman's club, of which Mrs. Homer Potter is the chairman, feels especially fortunate in being able to arrange for the appearance of these gifted artists, and no doubt local music lovers will avail themselves of the opportunity thus afforded to hear an unusual program.

### GIFT ROOM HIGH IN POPULAR INTEREST

A total of 1,360 persons visited the gift room in the Scott block Saturday. The number viewing the gifts each week is steadily increasing and the big in popularity and widens its scope. An increased number of visitors from the country is noted from day to day.

Yesterday the committee purchased and placed in the display room a number of additional gifts. A child's automobile, fully equipped and valued at \$35 is the most important addition. Other gifts added are:

Four boudoir lamps.  
Two ferneries.  
Twelve automobile tires.

### FAMOUS BURR ETCHINGS SHOWN AT TRINITY CHURCH

Members and friends of Trinity church recently had the pleasure of viewing etchings of George E. Burr, famous as the painter-etcher of the great American desert. The company also listened to a delightful lecture by Mrs. Seabury of the art department of Illinois Woman's college, on the theme "The Art of the Etcher."

The various Burr etchings were used by Mrs. Seabury as examples to illustrate her statements. Following the address a splendid musical program was given by Miss Hornsbrugh and Miss Spslo.

The etchings by special arrangement are to be kept in Jacksonville for a few days and are on view at the Bassett gift shop.

KIWANIS'S GUESTS OF CARTHAGE CLUB  
A number of Jacksonville Kiwanians attended a meeting of the Carthage club Friday noon. The club there, with a membership of 57, is doing active work. At the luncheon, served at the Christian church, Felix E. Farrell, lieutenant governor of district No. 4, made a brief address and W. A. Berryman served as song leader.

The other Jacksonville men present were Thomas Cyle, Robert Mullenix, J. G. Berger, B. F. Shafer and Marcus Hulet. There were visitors present from a number of Illinois and Iowa cities.

## FAMILY TROUBLE IS OFTEN CAUSE OF DELINQUENCY

Is Found to be Contributing  
Factor in Numer-  
ous Cases

BLOOMINGTON, Ill. (A.P.)—Broken homes caused by parental troubles and misfortunes, such as divorces, separations, desertions and death of one or both parents, are primarily the contributing factors leading to delinquency of the majority of boys committed to the State School for Boys, at St. Charles, according to a survey made at the school under the supervision of its superintendent, Col. Frank D. Whipp, who is also secretary of the Illinois Conference on Public Welfare, which opens its annual session here tomorrow.

Out of 632 boys, Col. Whipp's survey showed, 90 had stepfathers, 73 stepmothers, 159 mothers dead, 156 fathers dead, 65 deserted or separated parents, 33 deserted by fathers, and only four deserted by mothers. There were 266 boys whose mothers and fathers were living together. Two boys questioned stated that their fathers were serving sentences in the penitentiary. The histories given indicate that many of the boys have back of them a bad ancestry and around them thriftless family groups, the colonel said.

The boy interviews brought out Harry W. Goldstein & Co. 31-33 S. S. Square Jacksonville's Newest Ladies Apparel Shop Special showing of street, afternoon and evening dresses. Monday, Tuesday, and Wednesday

descriptions of all articles of all varieties of childish misconduct from apples and watermelons stealing to the theft of automobiles. The offenses in the majority of cases were trivial and undertaken in a spirit of adventure. There were but few cases where there was intention or desire to injure any one.

In Four Groups

The offenders were classified in four main groups. First, offenders against property; second, wanderers (runaways from home); third, sex offenders; and fourth, miscellaneous. Sixty-five per cent, or 411, were offenders against property; sixteen per cent, or 103, were wanderers or runaways from home; only eight boys were sex offenders, and the remainder, seventeen per cent, were classified in a miscellaneous way. Many of the charges were breaking and entering houses and stores for miscellaneous plunder, such as clothing, food, candy, cigarettes, etc. Many of the boys were in wrong, Col. Whipp said, thru association with gangs, junkies, etc., which are held as serious offenses by some municipal authorities. The boys classified as "wanderers," or "runaways from home," attribute their trouble to the "deadness" of the small towns which gives them a desire to roam about and see the country.

"The group of sex offenders is probably larger than reported because there seems to be some hesitation in speaking of these charges. The miscellaneous group covers many sent to the institution as a preventive measure, some being committed for stealing butter, eggs, coal, etc. In the majority of cases these articles were used by the boy's family, and the boy was considered bad by his parents only when he was caught."

Another classification of the offenses of the 632 boys is: burglary 156; general robberies and thefts 138; stealing automobiles 42; stealing bicycles 45; holding up 9; bumming away from home

103; general delinquency 36; picking pockets 2; murder or attempted murder 2; assault and battery 4; rape 7; forgery 13; truancy 63; carrying concealed weapons 2; snatching purses 6; attempting to wreck train 2; dynamiting fish 1; and running away from home and taking girl with him, 1.

The truancy classification covers boys who did not go to school. Most of these cases come from down state counties because truant in Cook county are sent to Chicago institutions. Of the number questioned, 260 admitted having been in other institutions as follows: parental school 70; Chicago and Cook county school 94; orphanages 46; Glenwood 14; Soldiers' Orphans' Home 15; and miscellaneous institutions, 12.

Nationalities

On the question of nationality the boys answered the roll call as follows: Irish 90; German 60; Polish 77; Dutch 15; Bohemian 14; Slav 12; half-Indian 2; Jewish 12; Swedish 14; French 13; Lithuanian 24; English 31; Italian 21; Croatian 3; colored 79; Austrian 7; Scotch-Irish 15; Greek 1; Armenian 3; Russian 2; Belgian 3; American 77; Scotch 7; and unknown 42. In cases of Dutch-Irish, French-Irish and German-Irish, they have been classified as Irish.

The boys religion is classified as: Catholics, 234 or 37 per cent; Protestant, 386 or 61 per cent; and Jewish 12.

"Information gained in the survey," Col. Whipp declared, "may be misleading in some cases because it was all gained from boys and, sometimes their statements are not reliable from a mathematical standpoint, but in the main it is considered that most of them told the truth."

The questioning began on August 1 and continued to Oct. 6, 1923, and covers some of the boys who have been paroled and discharged during that period, he said. Col. Whipp also states that

## HARD TIMES PARTY GIVEN AT MANCHESTER

High School Teachers and  
Pupils Enjoyed Unique Event  
—Other Manchester Items.

Manchester, Oct. 27.—The teachers and pupils of the Manchester high school enjoyed a hard times party in the Travis building Thursday evening. About thirty-five were present and all came dressed in appropriate costumes, prizes being awarded to Jesse Blakeman and Miss Esther Ingram for the best makeups. The building was decorated with autumn foliage and Halloween tokens and a program of games and contests in keeping with the season was carried out. Refreshments of wieners sandwiches coffee and marshmallows were served.

News Notes

Jacksonville visitors Saturday included Mrs. Charles Dean and son, Mason, Mrs. Anna Caldwell, Miss Emily McCracken and Miss Lulu Sloan.

The many friends of Mrs. William Dean will be glad to know that her condition is slightly improved. Mrs. Dean is a patient at Passavant hospital.

Jack Alred of Roodhouse is visiting at the home of his uncle J. N. Alred.

The Cheerful Workers of the M. E. Sunday school will have a penny social Saturday evening, Nov. 10.

Mrs. Samuel Hayes of Girard, Curtis and Helen Morgan of Camoen, Ark., spent Tuesday and Wednesday with their cousin, Mrs. C. D. Chapman and other relatives.

Mrs. Ethel Rousey spent Saturday in Murrayville.

The survey confirms the belief that most of the boys have been more sinned against than sinning."

## BUSINESS AND STEEL

Babson Reviews Conditions in Billion Dollar Industry

Wellesley Hills, Mass., Oct. 26.—"The steel industry gives us both a barometer and a thermometer of business," according to Roger W. Babson, whose associates have just completed a survey of this great industry.

"Steel prices," says Mr. Babson in a statement issued today, "tend to follow general business in measuring, roughly, prosperity or depression. During the early months of this year business was active and the price of steel billets advanced 30 per cent from January to April. It was evident by them that the improvement had been overdone and business took to caution and conservatism—a condition still prevalent."

"Iron and steel prices very naturally followed. For the past six months production has dropped and prices have been steadily declining. Despite the readjustments to date, I do not feel that steel prices or production have reached the low point. It should be borne in mind that during the war period our producing capacity was greatly stimulated. The actual output of steel in 1913 was about 31,000,000 tons with a producing capacity of probably 35,000,000. So far this year the steel industry has operated on a basis of more than 40,000,000 tons annually, a rate materially over the actual output of recent years. As a matter of fact the abnormal stimulation in steel output started in August, 1921. In 1922 total output jumped 75 per cent over the previous year, while production during the first nine months of this year stands over 60 per cent above the same period of last year. However, the main point is, if this country were

called upon, we could produce steel at between 55,000,000 and 58,000,000 tons annually. Even today at the current rate of 40,000,000 tons, we are producing more steel than we can consume and export. Nor should we lose sight of the fact that our European neighbors expanded their steel producing capacity to cope with abnormal war needs.

"The underlying situation is well defined by unfilled tonnage—the barometer—which from the low in February, 1922, of 4,141,000 tons climbed with little interruption to 7,403,000 tons in March of this year. Today, six months later, unfilled tonnage has dropped to approximately 5,000,000. General business as reflected in the Babsonchart has dropped to 10 per cent below normal. My main thought is that although no radical departure from the present price level is indicated, a survey of actual conditions shows that the weight is certainly on the bear side, as it is in most lines today."

"On the financial side we find further evidence of this slowing up, in the amount of recent refinancing which has been undertaken by some of the newer companies," continued Mr. Babson.

"During periods of recent breaking business, new financing, it is true, may be required by the old conservative manufacturers for justifiable expansion as well as the new ones. It is a characteristic of the beginning of a sharp competitive period, however, when many new offerings of funded debt with specially attractive promises appear in connection with corporate names that are new to investment lists. The absence of any new financing on the part of older concerns at such periods, always is noticeable. It is the time when the more experienced management is conserving resources, limiting new business to established capacity and reducing indebtedness rather than taking on more overhead. Signs of this stage of business have not been lacking in the iron and steel industry this year. The wisdom of the restraint shown by the largest factors at the peak of demand early in the year, now is apparent. Already certain of their more aggressive new competitors are falling by the wayside."

"A few of the seasoned concerns which have consistently turned surplus back into equipment without increasing capitalization offers sound bonds for investment. This is as far as the conservative investor should go at the present time."

"Those who would purchase iron and steel stocks as a speculation must weigh the outlook with the understanding of the position which they accept as stockholders—that of merchandisers in the commodity. Success lies in buying when business is slack and the commodity low, to sell when business is brisk and commodity prices high. From this test it must be apparent that it is not yet time to look for attractive purchases in iron and steel stocks."

ARREST MAN FOR  
TAKING CUSHIONS

Stranger is Taken Into Custody  
When He is Accused of Stealing  
Cushions from Auto—Says  
He Was Drunk

Dewey Oldfield, a stranger in this city, was arraigned yesterday before Squire A. B. Opperman on a charge of having taken the cushions from an auto belonging to Oliver Dinwiddie. The theft is alleged to have occurred sometime Friday night. Upon examination in the court Oldfield admitted that the cushions had been found in his machine, but said he did not remember taking them. He claimed he was intoxicated when the cushions were transferred from Dinwiddie's car to his own and had no knowledge of how they came there.

Oldfield was bound over to await action of the grand jury at the November term of circuit court. As the cushions are valued at less than \$15, the crime will be listed as petty larceny, and will merit only a jail sentence. Oldfield's bond was fixed at \$500, and as he failed to procure it he was confined in the county jail. Oldfield says he hails from another state.

## INTRODUCING

### Jacksonville's Newest Men's and Boy's Store

After months of careful preparation and after that amount of time spent in scouring the markets of St. Louis, Chicago and the East, we have gathered together a line of Men's and Boy's Wear that is inferior to none and at prices that will be a revelation to the buying public of this locality.

We are now ready to introduce our store, our merchandise and ourselves to the public of Jacksonville and vicinity.

This we will do through the medium of an Introductory Sale to inform and prove to the public that we handle only standard dependable merchandise and that we are Jacksonville's underselling Men's and Boy's Store, serving the community conscientiously.

A surprising Bargain event that will make history for Jacksonville, will take place within a few days. Watch the papers for further announcements.

Why be Feeble?

ADVANCING years should not mean the approach of a period of dependency—of crutches and cane—of worry, care and fatigue! Don't dread the days ahead! Be prepared to grapple with the heinousness of Old Age—with rheumatism—with undermined health—with feebleness. The system that is free from impurities—through which rich red blood tingles need not worry about advancing years. Enlist the aid of S. S. S.—the builder of red blood cells—to fight off the infirmities of Old Age.

With the aid of S. S. S. when you reach this stage of life the nerve power that has been built up by ever increasing blood cells—the vim and vigor of youth that you possess will capably enable you to enjoy the advantages of passing years, while others less fortunate are feeble and dependent.

S. S. S. for nearly a century has been serving as a valuable and time honored assistant in the fight for hale and hearty Old Age. It is made only of pure vegetable ingredients and is sold at all good drug stores. The large size bottle is the more economical.

**Woman's College**

President Harker writes interesting letters of his visit in California. In a letter received yesterday he enclosed a clipping from one of the San Francisco papers in which the intense heat was discussed. The headlines called it the second hottest day in the year registered; the thermometer actually got up as high as 86. This is interesting, and at the same time amusing to most of the residents of Illinois who are accustomed to real hot weather when we have it.

The October 15 issue of the Christian Science Monitor contains a special article regarding the life and achievements of Joseph R. Harker. This article is illustrated by a pen and ink sketch, which is a very good likeness.

The Athletic Association entertains Saturday evening at the annual Halloween party; the usual customary stunts and other forms of amusement will be enjoyed. Miss Helen Ely is president of the association this year and is keeping the affairs of the Association in good condition.

Mrs. Letta Irwin Shonle, one of the Alumnae trustees, is planning to visit the college in a short time. Mrs. Shonle is a graduate of the class of 1914 and a member of the Belles Lettres Society.

Three members of the Board of Trustees of the College have been elected as delegates to the General Conference which meets in Massachusetts the coming spring. Those who have been elected are: Dr. C. E. Welch of Westfield, N. Y.; Mrs. C. C. Girmann of Palmyra and Rev. F. A. McCarty, formerly of this city but now pastor of the First M. E. church of Bloomington, Ill.

Dr. Arthur Chapman gave a very interesting address to the students and faculty Friday morning at the chapel exercise. Dr. Chapman's subject was "Keeping Your Windows Open Toward Jerusalem," using as his text the story of Daniel and his faithfulness to God.

The College is in receipt of a number of books, in fact the entire library of Mrs. Elizabeth Capps of Palmyra, Ill. In her will she directed that her library be given to the college, and this was brought to the school the past week by C. C. Girmann, one of the trustees of the college and also the administrator of her estate.

Every one interested in public speaking is cordially invited to the recital given by Miss Ida B. Davis, director of the department of public speaking Monday evening, October 29th in Music Hall. Miss Davis will interpret "Hiawatha" and will be assisted by Miss Kirby at the piano.

The following geographical distribution of students may be of interest showing the wide range of territory which the College touches: Arkansas, 2; Colorado, 1; Illinois, 214; Indiana, 2; Iowa, 4; Kansas, 2; Kentucky, 9; Michigan, 1; Minnesota, 3; Missouri, 9; Nebraska, 2; New Mexico, 1; North Carolina, 2; Ohio, 1; Oklahoma, 4; Washington, 1; Chile, South America, 1; China, 1; Mexico, 1.

**Conservatory Notes**

Miss Elizabeth Peck of the Faculty of the Conservatory, will give a piano recital on Friday evening, Nov. 2nd, in Recital hall at 8:15 o'clock. The public is cordially invited to attend. Following is the program in full:

Gavotte from "Iphigenia in Aulis" Gluck-Saint-Saens

Le Coucou (Rondo).....Daquin

Caprice on Ballet Aires from "Alceste".....Gluck-Saint-Saens

Etude in C Minor (Revolutionary) Chopin

Nocturne in C Minor.....Chopin

Sonata del Petrarca.....Liszt

Sonata Eroica, third movement.....Mendelssohn

Polonaise in E Major.....Mendelssohn

Rhapsodie in C Major.....Debussy

There will be an Advanced Students' recital on Friday evening, Nov. 9th, in Recital hall.

Miss Isabelle Fox, a graduate of the Conservatory, who is now teaching in Waverly, Ill., played two piano solos and two violin solos at the Assembly in the High school of that city last Tuesday, October 23rd.

Mr. Munger will play a piano solo at the Assembly in the Jacksonville High school next Tuesday, October 30.

Several members of the Faculty are attending the Farrar recital in Springfield on Saturday evening, Oct. 27th.

Mr. Hedge's song recital last Tuesday evening, October 23rd, was largely attended and most successful. Miss Mary Alexander accompanied him.

Arthur Perbix played a group of violin solos for the Women's club in Chapel last Tuesday evening, Oct. 23rd.

Lafe Theivagt played a violin solo at the Brooklyn church and Harry Birdsell a violin solo for the Parent-Teachers' Association.

George Oberate played a violin solo at the Freshmen banquet in the Christian church last Thursday evening, October 25th.

Janet Brown, Ruth Bradley and Duane Haskell appeared before the Music Appreciation class in the High school last Friday. Miss Brown played a piano solo and accompanied Mr. Haskell in a violin solo. Miss Bradley sang a solo accompanied by Miss Maurine Bradley.

FILMS TO ILLUSTRATE GERMAN WAR VERSION

MUNICH, (AP)—A "German week," arranged by the Bavarian department of education, is to be held here soon, chiefly to exhibit propaganda films, designed to prove that Germany was not responsible for the outbreak of the world war. The Isar League of Youth is co-operating with the government in the move. Films on the following subjects are to be shown free:

"The lie that Germany was responsible for bringing about the war, and the curse of Versailles."

"Unconquered in the field—a memorial to the heroes of our old army."

"The theft of the German colonies in the tropics."

"Bravely waved the red, white and black flag—the heroic fight of the German fleet and its destruction."

"French invasion of the Rhine, Ruhr and the Saar."

"The mutilation of the eastern boundaries of Germany."

The exhibition has been arranged principally for entertainment of young people, and students and others will be urged to attend, not only from Munich but all surrounding cities and towns and the countryside.

OCTOBER

Beauty is thine, O month of golden dreams!  
Thy reign is one of glorious majesty.  
Far over prairies wide, and still, smooth streams,  
Up hill, down dale, and to the distant sea—  
There follows thee thy wondrous pageantry,  
And spreads its heavenly glory o'er the land.  
A queen thou art! All Nature bows to thee,  
And pays thee tribute, while thy gracious hand  
Links beauty unto beauty with a golden band.

## INDIAN SUMMER

Sad days have come, and sadness everywhere  
Fashions the earth to suit its mournful lay;  
Nature is clothed in sorrowing array;  
The wood is but a place of wan despair;  
No songster's melody is in the air;  
The last angelic strains have died away.  
And voices that were throbbing yesterday  
Today are blending in a clime more fair.

But Summer once again attempts to raise  
Her vanquished standard in the hazy air;  
Again arise the laggard's lonely lays,  
As tho' his winter's banishment to dare!  
But well he knows these late returning days  
Are only ghosts of other days more fair.

—WILLIAM A. BARTLETT, JR.

## CHAPIN SOCIAL CLUB IN OPEN MEETING

First Annual Open Meeting Held Friday Night at Vortman Home in Chapin

Chapin, Oct. 27.—The first annual open meeting of the Chapin Social Club was held Friday night Oct. 26th at the beautiful new home of Mr. and Mrs. Henry Vortman. The rooms were artistically decorated in a manner suggestive of Halloween and with beautiful fall flowers and foliage were very attractive.

A masquerade was planned but only about half the guests came on masque. A program of stunts and games was enjoyed and in a number of guessing contests prizes were awarded to the Misses Amy Onken and Edith Fox and Mrs. Henry Vortman, Mrs. Edie Adams and Harold Jewsbury. Delicious refreshments of ice cream, cakes and coffee were served.

The committees in charge were: Entertainment — Mrs. Frank Brockhouse, Mrs. Chester Williams, Miss Mayme Hegarty, Miss Amy Moody.

Refreshments — Mrs. Elsie Moody Adams, Mrs. Frank Caloway, Mrs. Harold Jewsbury, Mrs. Ray Brockhouse.

## AUTOMATIC CAMERA TO CATCH WINNERS

PARIS, (AP)—The French Olympic Committee is experimenting with a mechanical photographic device to record the finishes of the running events during the 1924 Olympic Games. Thus far the experiments have been successful, and there is every likelihood that a camera will be on hand at the finish line of all races to confirm or inform the ruling of the judges.

The arrangement is practically the same as that in use for some years in Belgium to photograph the finishes of horse races, and which is likely to be adopted at French race tracks next season.

A camera is set just over the finish line about three feet from the ground, and a string is stretched out across the track about the same height, and three feet from the actual finish. The string, upon being broken by the chest of the arriving winner, automatically releases the kodak, which snaps the runners just as they cross the line. The negatives are developed in two minutes.

The photograph also will record the time of the race to one-hundredth of a second. A huge clock nine feet in diameter will be installed right opposite the finish line inside the track in direct line with the camera.

Through an electrical arrangement it will be released by the firing of the starting pistol and stopped by the breaking of the string at the finish line. The second hand, making a complete revolution splits the seconds in twenty fractions, while a smaller

hand records the seconds and another the minutes.

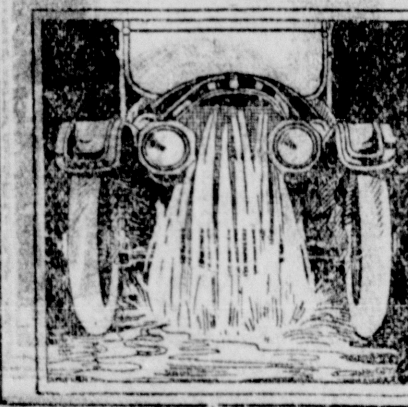

Just in, new line of satin bloomers, 79c.

WHITE HALL PLANS FOR ARMISTICE DAY

Congressman Rainey Will Make Address—Aged Resident Injured by Fall—News Notes

White Hall, Oct. 27.—Capt. Dean Corsa, commander of the local post of the American Legion, announces that the observance of

Armistice Day will have the presence of Congressman Henry T. Rainey as orator. The exercises will be strictly in observance of the occasion. One year ago the cornerstone of the new library was laid by the American Legion, and it was anticipated that the dedication would take place this year, but which is now found to be impractical. The annual dinner will be served in the First Baptist church.

Mrs. R. M. Dugger, residing on

Carson street, is laid up with a broken wrist and the other wrist sprained as the result of falling from the back porch of her home. She is 84 years of age, and the fall is something that rather alarms. She is the mother of Miss Minnie Dugger, who has been laid up for several weeks with both limbs broken, one of which is now in a plaster cast as the result of a recent fall. The two reside together, and the helplessness of both has brought out general sympathy in a very large measure.

K. K. K. Gathering  
It is estimated that 300 people attended the K. K. K. gathering Friday night, opening a three-day Ku Klux affair about midway between White Hall and Hillview. The proceedings will conclude Sunday with an address by a national speaker. Fireworks were scheduled for Saturday night in connection with a program of speaking.

To Enlarge Milk Business  
C. W. Day, president of the Farmers' Co-operative Milk Co., at Barrow, was in town Friday in company with Jerome Haney, treasurer of the company, also of Barrow. The company has been negotiating with St. Louis and Galesburg dairy interests for operating the station at Barrow, but nothing has been settled. The Galesburg requirements are for 3,000 to 5,000 pounds of milk per day, which is a larger guarantee of production than the Barrow people can make with assurance. The station at Barrow is a new one, replacing the one destroyed

Sister Mary's Kitchen

BY SISTER MARY  
CHEESE CAKES

Cheese Cakes are really as "old as the hills," but has been so little used for years past that it will seem new to many cooks.

I dare say cheese cake of some sort graced many a Thanksgiving dinner in colonial days. For cheese cakes were transplanted from "mother old England" along with "bubble and squeak" and "toad in the hole," and many other delightful concoctions.

There are "Folkstone cheese cakes" as well as apple, almond, lemon and just plain cheese cake. They are baked in individual cakes or one large one. And the best part about it is that cheese cake is a form of American pie.

Almond Cheese Cakes

Two cups sour milk, 1 cup sugar, 4 eggs (yolks), 1/2 cup blanched and chopped almonds, 1 lemon, 1 tablespoon corn starch, 1/2 teaspoon salt, rich pastry.

The milk should be thick and firm. Scald and strain through cheesecloth. Mix sugar, salt and cornstarch thoroughly. Beat yolks of eggs with dry ingredients. Add to curd and mix lightly. Add grated rind and juice of lemon. Turn into patty pans lined with pastry and bake in a moderate oven about half an hour. The mixture should be firm to the touch when it is done.

Apple Cheese Cakes

Six apples, 1/2 cup sugar, 2 tablespoons butter, 3 eggs, 1 lemon, rich pastry.

Pare and core apples. Cut in thin slices. Put in a sauce pan with just enough water to prevent burning and cook until tender. Rub through a fine sieve. Add

sugar and butter and mix well. Reheat, adding the grated rind and juice of the lemon. Stir in the yolks of three eggs and the white of one. Beat well and pour into patty pans lined with pastry. Bake in a moderate oven for 20 minutes.

Folkstone Cheese Cakes.

One and one-half cups milk, 1/2 cup sugar, 4 tall spoons butter, 1/2 cup finely grated dried bread crumbs, 3 eggs, 1 teaspoon salt, 1 lemon, 1/2 cup currants, rich pastry.

Heat milk with bread crumbs. Cook over hot water for 15 minutes. Add butter, sugar, grated rind of lemon, salt and eggs well beaten. Cook over hot water until mixture thickens. Let cool slightly and pour into patty pans lined with rich pastry. Sprinkle with currants and bake until mixture is firm to the touch and pastry is done. It will take about half an hour.

Lemon Cheese Cakes.

One cup sugar two tablespoons butter, 3 eggs, 2 lemons, finely shredded and grated lemon peel.

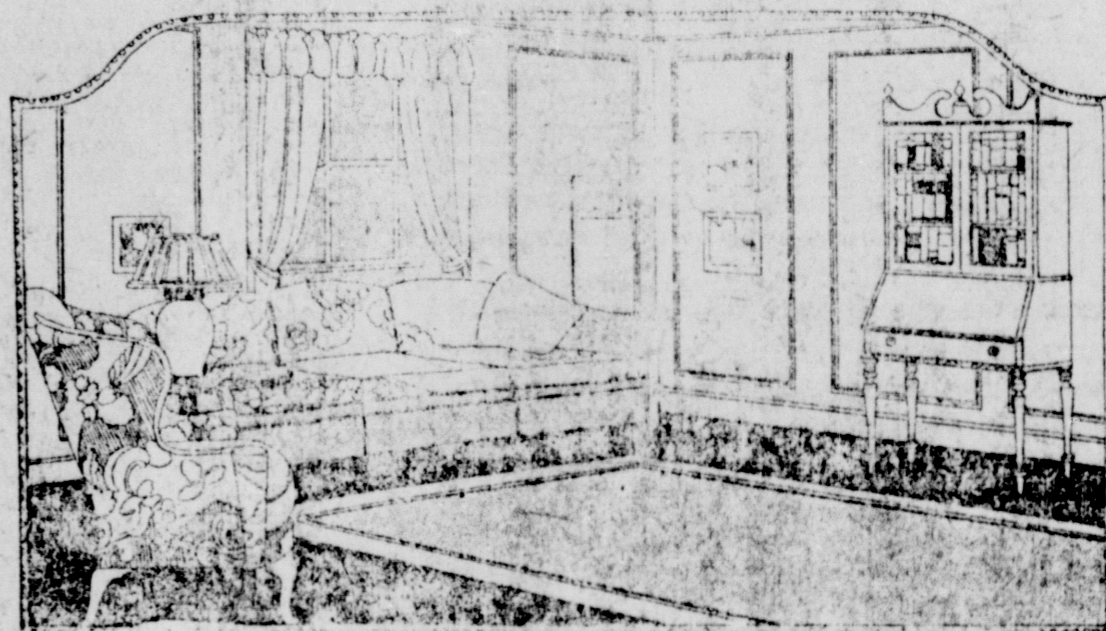

Use the grated rind of one lemon and the juice of two. Put sugar, butter, lemon rind and juice into a sauce pan and stir until sugar is dissolved. Beat the yolks of the eggs and add to the mixture. Cook over hot water, stirring constantly until mixture thickens. Let cool. Line patty pans with paste, three-fourths fill them with the mixture, sprinkle over candied peel and bake 20 minutes in a moderate oven.

These recipes are calculated to make 12 small cheese cakes. (Copyright, 1923 NEA Service, Inc.)

JEWETT SIX

PAIGE BUILT

\$1065 At Detroit

Look at the Way It's Built—A Sturdy Six—Not a Light Six

SOME folks make a mistake. They class the new Jewett Six with "light" sixes. It costs so little more than "light" sixes. But Jewett is a very different car. It is sturdy, powerful, rugged, fine performing.

To find a car of the new Jewett's sturdiness you must pay \$200 to \$500 more. It is the only car in the thousand-dollar field built first for sturdiness, dependability and performance. Jewett's six-cylinder, 50 horse-power motor fills the hood. One look at the motor of any other comparable car and you'll realize why Jewett will pass most any car on a hill. Jewett accelerates from 5 to 25 miles an hour in 7 seconds, in high gear. Such power was never before put into a car this size.

Nor is any car near the new Jewett's size and price so strongly built. Jewett touring car weighs 2805 lbs. without equipment. This is 200 to 400 lbs. more than "light" sixes. These additional pounds mean sturdier construction—thousands and thousands of miles—longer life. And more comfort and smoothness every one of those miles!

Ask any Jewett owner to lift the hood and show you the way Jewett's built. Or come in and let us show you, not only the motor, but the 6-inch-deep frame, Paige-Timken axles, front and rear, all-steel universal joints, and springs that are 50% of its wheelbase. Then you'll see why Jewett is called a Sturdy Six!

### TELEPHONE TALKS

To get the best out of telephone service there must be co-operation among subscribers, as well as between the Company and subscribers.

The person calling should:

Be ready when the person called answers.  
Speak in a well-modulated tone—not too loud.  
Speak distinctly, with the lips close to but not touching the mouthpiece.

The person called should answer promptly. Both should avoid long telephone conversations, which result in busy signals to other subscribers who may want to get one or both of these telephones.

### Illinois College Notes

A report recently out by the College Board of the Presbyterian church calls attention to the fact that the three Presbyterian colleges showing the largest increase in attendance this fall are Trinity University, Texas, with an increase of 83 over last year; Maryville College, Tennessee, with an increase of 66; and Illinois College with an increase of 61. These figures refer to the college departments only.

Dr. Henry Fairbank, who is visiting relatives in Jacksonville, will speak to the students at the Illinois College chapel Monday morning at 9:45. Dr. Fairbank has been a missionary in India for many years. His father, Rev. Samuel B. Fairbank, '42, was also a missionary in India for over fifty years.

Plans are already under way for the home coming football game which is to be played with Eureka at the Illinois field Saturday, November 10. It is planned, in connection with this home coming to have a banquet of the "I" men, and an effort will be made to get back to the campus as many as possible of these veteran athletes of "Old Illi-

nals." A dance in the College gymnasium is also to be on the program for the latter part of the evening. Professor Hedge will again come to the campus on Wednesday morning to conduct the chapel sing. It is hoped by Wednesday new song books will be on hand for these chapel sings.

The address given to the students last Friday morning by Dr. Isaac Yonan, of the Near East Relief, which the college has ever had. Dr. Yonan was formerly president of a college in Urumia, Persia.

### SCHOOL OF FINE ARTS

#### ILLINOIS WOMAN'S COLLEGE

The students of the college are enjoying a small, informal showing of flower and still-life arrangements done from a commercial point of view by the class in advertising. They are on exhibition in the social room of the college.

The comments of both teachers and students who pass to and from classes are interesting and profitable to the makers of these designs. The same class is now engaged in an advertisement for sport clothes and golf accessories in which the figures in the Friday afternoon sketch class are used.

The Freshman design class of forty students has produced some interesting designs for printed textiles, stencils, block-prints, etc., which are being blue-printed and will be shown shortly.

The studio is open to non-resident pupils on Tuesday, Wednesday and Saturday mornings from 8 a. m. to 11:30 a. m. and on Tuesday, Wednesday and Friday afternoons from 1:15 to 3:15. No instruction will be given on Friday morning or Saturday afternoon, but pupils may work at those times if they wish.

Interesting work is being done by the Friday afternoon sketch class, which has room for more members. The work is from the costumed model.

### TO GIVE RECITAL

#### MONDAY NIGHT

Miss Ida Belle Davis, director of the Department of Public Speaking at I. W. C. will appear in recital Monday evening at 8 p. m. in Music Hall. Miss Davis is a reader of wide experience and on her several appearances before local audiences, she has given ample proof of her ability to interest and to please. The program promises to be of unusual interest for Longfellow's "Hiawatha" has been chosen and will be given with a musical setting. Miss Kirby at the piano will give adequate support to Miss Davis' interpretation of a poem which is recognized as an American classic. The rendition of both Miss Davis and Miss Kirby is wholly in keeping with the spirit of the poem, and all its tonal and rhythmic beauties are most carefully and artistically preserved and expressed. The public is cordially invited to attend this recital.

### COLLEGE OF MUSIC NOTES

The Child Culture Kindergarten course which is given under the direction of Miss Margaret Grimsley at the West Side Studio of the College of Music, is making excellent progress. Additional pupils are being enrolled every week and those who are interested in work of this kind are cordially invited to visit the school any morning between the hours of 9:30 and 11:15 from Mondays to Fridays inclusive. A public demonstration of this work and the rhythmic classes is planned to be given in Music Hall sometime early in December. The Child Culture work is given four terms of nine weeks each and those wishing to register may do so at any time or at the beginning of the quarter.

Miss Horsburgh gave a short program at the David Prince and High school assemblies on Thursday morning. Miss Sapio was her accompanist.

Gwendolynne Schroyer again substituted for one of the members of Grace church choir on Sunday morning and evening.

Frances Luke played two violin numbers at a meeting of the Christian Endeavor at State Street Presbyterian church last Sunday.

Christine Cotner was heard in violin solos at the recent meeting of the Odd Fellows. Velma Kitchell was at the piano.

The next Faculty Recital will be given on November 5th by Madame Elma Toft Colard who will present a program of rare artistic value at that time. The public is cordially invited to be present.

Miss Horsburgh and Miss Sapio were heard in a short group of violin and piano numbers at the Art Exhibition and Tea held on Friday night at the Trinity Guild House.

Director Pearson and several of his faculty are attending Geraldine Farrar's concert in Springfield on October 27.

Grace Terhune, former pupil of Mrs. Forest, sang on October 16th at the State Convention of Odd Fellows and Rebekahs at the Springfield Arsenal. The audience was estimated at 10,000 and those in the back seats were able to hear the young singer with perfect ease.

Miss Florence Kirby was soloist at the meeting of the Professional Women's club held at the Tea Tray on Thursday, October 18th.

The name of Emil Telmányi, Hungarian violinist, is a familiar one to those who keep in touch with musical events in this country and in Europe. Mr. Telmányi has concertized throughout Scandinavia, Germany, Austria and Holland, playing under the baton of such men as Niekisch, Mengelberg, Loerke and Busoni. He was heard last season for the first time in this country and won instant and almost unparalleled success. One critic—from the New York Evening Journal—writing: "It is enough for the moment to say that Telmányi is the most exciting experience of this sort one has had since Kreisler burst upon America."

Mr. Telmányi will give the second concert of the Illinois Woman's College Artist's Series on Monday evening, November 12th. Music lovers and connoisseurs are urged to go and hear this remarkable violinist on his initial appearance in Jacksonville.

### SEPTIC TANK BEST PLAN FOR SEWAGE

URBANA—The most feasible plan for disposition of sewage of farm homes is the septic tank, according to the department of farm mechanics of the University of Illinois. A single chamber of rectangular type of tank is the most commonly used.

"A good water system requires the safe disposal of wastes that discharge from the fixtures," the bulletin said. "Disposition of sewage on the surface of the ground is a dangerous practice, if disposal of without treatment. Spread of disease is liable to occur where this is done."

## Wonderful Results

Have Been Attained by Keeping a Car Properly Lubricated.

The essential difference between an old car and a new car is the amount of wear that has taken place in the old car. Every mechanical wearing place of any importance in any automobile is provided with some means of lubrication. This shows that the factory who made the car recognized the importance of lubrication.

The cost of lubrication is about 2 per cent of the cost of new parts. Are you anxious to increase your operating cost 98 per cent?

#### FARM BUREAU NOTES

**Feeder Pigs From The North**  
At the request of several of the farm bureau members we have been investigating the possibility of getting feeder pigs from the North instead of the south. The quality brought to St. Paul is said to be better other markets farther south. Carefully selected feeders ranged from \$6.00 to \$6.25 per hundred there and the buyer had to pay 80 cents per hundred weight for vaccinating, and 15 cents per head for dipping.

**Dairy Cattle Market**—The Wisconsin College of Agriculture makes a monthly report of cattle prices prevailing in that state. Cows with better fat records of from 300 to 400 lbs., bring from 125 to 175 per head. Good grades without records from 90 to 140. Ordinary cows 45 to 70. Choice 2 year old heifers \$60 to \$80. Several of our dairy farmers are interested in importing good dairy animals.

**Clover Seed Soaring**—Inquiries reveal a general shortage of clover seed in Illinois. In some counties imported seed is selling at \$18.00 per bushel. The man who needs the seed will do well to buy now.

**Progress Report of Swine Type Experiment**—J. B. Rice of the College of Agriculture makes the following statement: The intermediate and rangy types of pigs are making the best records of the five types of Poland Chinas in the swine experiment which is being conducted at the University of Illinois this year. These pigs are medium to moderately rangy in build, and they have good thickness of back and possess good depth of body as well as fair length of leg.

Pigs of a very chuffy type similar in breeding and type to the old medium-type Poland Chinas are fat, but are making

the slowest and most expensive gains. Chuffy pigs of large-type breeding are making good feeding records and should produce splendid carcasses. The pigs which are extremely rangy, are making a good growth but they are not fattening at desirable market weights.

Last year, pigs of an intermediate type not only makes the most rapid and economical gains but also dressed the best carcasses. This year, the rangy pigs are feeding as well as the intermediate pigs up to date, but most of them do not carry the fat necessary for killing at weights of 200 to 225 pounds. Rangy pigs that are running to self-feeders are fatter than those being hand-fed. Breeders and feeders interested in this test should see these pigs during the next month as they are being slaughtered as fast as they reach required weights.

**Pushing Purebred Gilt Sales**—Selling purebred hogs this fall involve more push and persistence than usual. Farmers do not flock to the bargain counter of the swine breeder but whenever prices are already high they bid against each other to push them still higher. The breeder must put on his selling clothes this fall. There is an immense new field for the sale of purebred gilts. The majority of farmers do not have them. They must be convinced of their superiority before they will buy. Who can do this missionary work better than the breeder himself? Can he follow the example of the salesman of insurance or automobiles or tractors or stallions? These men decide that you should buy their wares and then they hunt you up, interest you, convince you and persuade you to spend your money. Most sales of anything to new purchasers are made in this way. Breeders have depended too largely upon the chance purchaser and the auction sale. How long would automobiles maintain their present prices if they were bought in numbers and sold without reserve at auction? How much oil stock could a salesman sell without personally talking each prospective purchaser up to the point of investing? And yet the surplus stock which the breeder offers is a greater wealth producer than the auto and a safer, surer investment than oil stock. With a clear conscience and honest pride one can urge his neighbor to sell off his grade sows and buy purebreds. The average purebred is a better market type and makes faster, cheaper gains than the average grade. And the grade hog, by reason of an infusion of pure blood is distinctly superior to the scrub. The argument is all on the side of the pedigree breeder. Let him use it to the benefit of his neighbor and of himself. Special inducements are offered by various breeders this fall. Some are accepting common market hogs in trade for purebred gilts. Some breeders are offering gilts by weight to neighbors at the top Chicago price for hogs that day, and making a separate charge for the registry certificate if it is desired. With this system the price of the certificate should be in proportion to the popularity of the pedigree. As an added inducement the purchaser might be given a six months option on the registry certificate. The initial investment would be smaller and the merit of sow and pigs might assist in persuasion. One's neighbors are the best customers a breeder can have. If he maintains his present lead in the business these new breeders will come to him later on for better sires and the choice of his females.

**Farmers Institute at Franklin**  
—The farmers of our county should get squarely behind the Morgan County Farmers Institute at Franklin Tuesday and Wednesday. Premiums are offered for exhibits from anywhere in the county. The program bears the names of some of the best institute workers in the state. As there are sessions for both men and women, everybody ought to go.

**What the Soil Tests Show**—The writer recently tested soil with the Camber test on the farms of E. R. Hembrough, Asbury, H. H. Roegge, Mercedosa and F. H. Jewsbury, Markham. The test showed the difference plainly at Mr. Hembrough's between land that had been limed and that which had not. It also showed a striking contrast between the land having applications of limestone on Mr. Hembrough's and land across the fence that had not. The tests on Mr. Roegge's farm were made on sand where he has alfalfa nicely started. The test indicates plainly the need of limestone on that type of soil. At Mr. Jewsbury's to our surprise a 20 acre field of timber soil showed that time was needed. The conditions there are such that sweet clover and alfalfa may be grown without adding limestone. It is very much to the interest of our farmers to have tests made before purchasing limestone.

The Nokol Guarantee Is Bonded by the Fidelity and Casualty Company

## Now is the time to install Nokol

In the variable weather of fall when the days are warm and the nights are cool, Nokol will keep your home heated at just the temperature you like, without effort or attention on your part.

And in the winter Nokol is guaranteed to keep your home heated at an even temperature of 70° in weather 10° below zero.

Nokol ended all the dirt and drudgery of coal heating five years ago. And Nokol owners are free from the worry of an uncertain fuel supply for all time, for the supply of Nokol fuel is inexhaustible.

Nokol costs less to operate than a coal furnace. Many Nokol owners report a saving in fuel costs between 15 to 30% over a period of five years.

Nokol can be installed in your present furnace or boiler in a few hours, without altering your heating plant, and without interrupting your heating service.

**FORMER WHITE HALL BOY IS SUCCESSFUL**  
Milton Dwight Purdy, Former Assistant to U. S. Attorney General, Is Self Made Man.  
White Hall, Oct. 26.—Advices from Washington are that Milton Dwight Purdy has again been commandeered to do special work under Attorney General Harry M. Daugherty. Mr. Purdy is a former assistant to the United States attorney general, serving as such under the late attorney general P. C. Knox and it was in this capacity that he became known as the government trust buster under the Roosevelt regime. He advocated the idea of receiverships for such trusts as exceeded the limits of anti-trust legislation. In a recent letter to H. S. Avery, his favorite among the many White Hall friends of his boyhood, he mentioned some work he was doing for the alien property custodian, and news advices since show that he is again assisting the attorney general. He resides at Minneapolis, where he has served as federal judge since his previous service in the department of justice where he brought to life the dormant Elkins law against rebates by railroads, conducted the postoffice investigations under Roosevelt, and filed cases against the American Tobacco Co., and the Standard Oil Co., in which the government was ultimately successful. Judge Purdy is a son of the late M. C. Purdy of White Hall, and began life as a potter and later as a school teacher. The Purdy pottery remains vivid in the minds of White Hall claymen.  
Judge Purdy is one of the most remarkable among the White Hall boys who have attained prominence and success. He has always taken delight in recounting his boyhood days. "I received muscular training in my father's pot shop. He had a pottery at Magadore, Ohio, before going to White Hall, Illinois. We moved to Akron, not far from Magadore, where my father started a match factory. He sold it, I believe, to O. C. Barber, later president of the mesh trust, and then went to Illinois, where I was employed on Saturdays and during vacation as a ball-maker. I picked up the trade in that fashion, and my father gave me a wheel and journeyman's wages. If I had jugs or crocks I could make about \$2.00 per day. One Saturday I made \$5.00 with tops for snuff jars."  
"Study was distasteful to me, and I was always at the foot of my class. I did have bad eyes, and didn't begin to wear spectacles until I was 17 years of age, but the plain truth is I was not studious. I decided to go into the pottery for good, but my mother said, 'You shall go through high school, no matter what happens or how long it takes.' I was then a junior and about 16 years of age. Well, that was the first turn in my life. But for my mother I should be a potter this very minute."  
"I continued at school under her orders and loafed as usual. One day we had a lesson in physical geography on tides. I took up my book as a matter of routine and compulsion, and for some reason became interested. At the recitation a girl and myself were the only pupils who understood the subject. We were praised by name and permitted to go home. All of the others in the class were kept after hours. This little incident is worth mentioning only for its possible bearing on the lives of those boys who are seemingly as hopeless as I was. For the first time I had received honorable mention from a teacher, and for once at least I had thoroughly known my lesson. As I walked along I felt new impulses springing up in my mind, and I was the happiest youth in town. From that time on I fairly ate up everything that came before me in the way of lessons. The next year I was graduated with honors. When I taught school myself I would relate my own experience and describe my own awakening to perplexed and discouraged parents and to unambitious and idle pupils."  
"I taught in the country for \$50.00 a month. I was given principalship of the White Hall grammar school. I decided to make teaching my permanent occupation, but suddenly, although I was 21 years again decided to obey my mother and go to college. With about \$1,000 which I had earned in the pot shop and the school house, I went to Minneapolis and entered the University of Minnesota. I suffered with hay fever every year, and my mother thought the climate of the northwest would benefit me. Minneapolis, thus accidentally chosen I might say, has been my home ever since."

**WESTMINSTER NOTES**  
The Young People's society of Christian Endeavor had a Halloween social on Thursday evening that was largely attended. A short business meeting was held at which Arthur Hart was chosen president.  
On Friday evening the Intermediate society of Christian Endeavor held a costume party to celebrate Halloween. There was a lively time and the usual refreshments. This society is receiving new members and showing progress.  
The Boy Scout Troop under the leadership of George W. Schneider has changed its meeting night to Thursdays, at 7:15 p. m.  
In addition to the three fine reels of "Folks from Way Down East" (which is a strong and clean picture) Dr. Smith is preparing to show a one reel film Sunday evening which might be called "Conquering the White Plague." Westminster, like the other churches, is doing what it can to advocate the timely cause of Oak Lawn sanatorium.
